In addition to using the DHS’s website http://dhr.maryland.gov/ and possibly using other means for transmitting the RFP and associated materials, the RFP, pre-proposal conference summary and attendance sheet, Offerors’ questions and the Procurement Officer’s responses, addenda, and other solicitation related information will be made available via eMM.

1.8.2 In order to receive a contract award, a company must be registered on eMM. Guidelines can be found on the eMaryland Marketplace website at http://emaryland.buyspeed.com.

1.9 Questions

1.9.1 All questions shall be submitted via e-mail to the Procurement Officer no later than the date and time indicated in the Key Information Summary Sheet. Please identify in the subject line the Solicitation Number and Title. 1.9.2 Only answers that have been answered in writing by the State can be considered final and binding.

1.10 Procurement Method

The Contract will be awarded in accordance with the Competitive Sealed Proposals procurement method as described in COMAR 21.05.03.

1.11.1 Proposals, in the number and form set forth in Section 4 “Proposal Format,” must be received by the Procurement Officer no later than the date and time listed on the Key Information Summary Sheet in order to be considered.

1.11.2 Requests for extension of this date or time shall not be granted. Offerors mailing Proposals should allow sufficient mail delivery time to ensure timely receipt by the Procurement Officer. Except as provided in COMAR 21.05.02.10, Proposals received by the Procurement Officer after the due date and time shall not be considered.

1.11.3 Proposals may be modified or withdrawn by written notice received by the Procurement Officer before the Proposals due time and date.
1.11.4 Proposals delivered by e-mail or facsimile shall not be considered.

1.11.5 Companies not responding to this solicitation are requested to submit the “Notice to Offerors/Bidders/Contractors” form, which includes company information and the reason for not responding (e.g., too busy, cannot meet mandatory requirements).

**1.12 Multiple or Alternate Proposals**

Multiple and/or alternate Proposals will not be accepted.

**1.13 Economy of Preparation**

Proposals should be prepared simply and economically and provide a straightforward and concise description of the Offeror’s Proposal to meet the requirements of this RFP.

**1.14 Public Information Act Notice**

1.14.1 Offerors should give specific attention to the clear identification of those portions of their proposals that they deem to be confidential, proprietary commercial information or trade secrets and provide justification why such materials, upon request, should not be disclosed by the State under the Public Information Act, General Provisions Article, Title 4, Md. Code Ann., (Also, see RFP Section 4.2.2.2 “Claim of Confidentiality”). This confidential and/or proprietary information should be identified by page and section number and placed after the Title Page and before the Table of Contents in the Technical Proposal and if applicable, separately in the Financial Proposal.

1.14.2 Offerors are advised that, upon request for this information from a third party, the Procurement Officer is required to make an independent determination whether the information must be disclosed.

**1.15 Award Basis**

A Contract shall be awarded to the responsible Offeror submitting the Proposal that has been determined to be the most advantageous to the State, considering price and evaluation factors set forth in this RFP (see COMAR 21.05.03.03F), for providing the products/services as specified in this RFP. See RFP Section 5 for further award information.

**1.16 Oral Presentation**

Offerors determined to be reasonably susceptible may be required to make oral presentations to State representatives. Offerors must confirm in writing any substantive oral clarification of, or change in, their Proposals made in the course of discussions. Any such written clarifications or changes then become part of the Offeror’s Proposal and are binding if the Contract is awarded. The Procurement Officer will notify Offerors of the time and place of oral presentations.

**1.17 Duration of Proposal**

Proposals submitted in response to this RFP are irrevocable for the latest of the following: 180 days following the closing date for submission of proposals, best and final offers (if requested), or the date
any protest concerning this RFP is finally resolved. This period may be extended at the Procurement Officer’s request only with the Offeror’s written agreement.

1.18  Revisions to the RFP

1.18.1 If it becomes necessary to revise this RFP before the due date for Proposals, the Department shall endeavor to provide addenda to all prospective Offerors that were sent this RFP or which are otherwise known by the Procurement Officer to have obtained this RFP. In addition, addenda to the RFP will be posted on the Department’s procurement web page and through eMM. It remains the responsibility of all prospective Offerors to check all applicable websites for any addenda issued prior to the submission of Proposals. Addenda made after the due date for Proposals will be sent only to those Offerors that submitted a timely Proposal and that remain under award consideration as of the issuance date of the addenda.

1.18.2 Acknowledgment of the receipt of all addenda to this RFP issued before the Proposal due date shall be included in the Transmittal Letter accompanying the Offeror’s Technical Proposal. Acknowledgement of the receipt of addenda to the RFP issued after the Proposal due date shall be in the manner specified in the addendum notice. Failure to acknowledge receipt of an addendum does not relieve the Offeror from complying with the terms, additions, deletions, or corrections set forth in the addendum, and may cause the Proposal to be deemed not susceptible for award.

1.19  Cancellations

The State reserves the right to cancel this RFP, accept or reject any and all Proposals, in whole or in part, received in response to this RFP, to waive or permit the cure of minor irregularities, and to conduct discussions with all qualified or potentially qualified Offerors in any manner necessary to serve the best interests of the State. The State also reserves the right, in its sole discretion, to award a Contract based upon the written Proposals received without discussions or negotiations.

1.20  Incurred Expenses

The State will not be responsible for any costs incurred by any Offeror in preparing and submitting a Proposal, in making an oral presentation, in providing a demonstration, or in performing any other activities related to submitting a Proposal in response to this solicitation.

1.21  Protest/Disputes

Any protest or dispute related, respectively, to this solicitation or the Contract shall be subject to the provisions of COMAR 21.10 (Administrative and Civil Remedies).

1.22  Offeror Responsibilities

1.22.1 The successful Offeror shall be responsible for rendering products and services for which it has been selected as required by this RFP. All subcontractors shall be identified and a complete description of their role relative to the Proposal shall be included in the Offeror’s Proposal. 3 SCOPE OF WORK

3.1 Background and Purpose

3.1.1 The Department is issuing this solicitation in order to obtain a Software as a Service (SaaS) solution for cost allocation services. The awarded Offeror shall be able to perform all requirements as detailed in Section 3 of the RFP. Offerors shall be required to furnish satisfactory evidence that they meet or exceed all minimum qualifications listed in Section 2 of this RFP.

3.2 Agency / Project Background

3.2.1 As the single state agency responsible for the administration of one or more of the State Plans for public assistance (Title IV-A – TANF since 1996, IV-B, IV-E, and IV-D of the Social Security Act), the Department of Human Services (DHS) has a federally-approved public assistance cost allocation plan (PACAP) that consists of narrative descriptions of cost centers and allocation methods. Some methods of allocation are: direct (benefits one grant), Full-Time Equivalent (FTE) counts, case counts, and time study. Largely, the Department’s non-assistance costs benefit more than one grant. Administrative costs are generally allocated based on a count of FTE’s and associated funding. The Department’s systems costs are allocated based on another estimate of benefiting programs. DHS utilizes two time studies to allocate worker costs -- the DCA-preferred methodology for allocating costs to federal programs.

3.2.2 Since 1998, the Department has performed multi-step cost allocation on a monthly and quarterly basis using a custom built Access platform database management system. The system allocates all Department costs incurred to fund sources in accordance with our approved PACAP. The system holds multiple variable rates, it calculates administrative cost allocation rates based on FTE’s, and applies the rates to provide cost allocation results – all Department costs by cost center by fund source. The current cost allocation system has been customized to meet the Department’s needs, however, the system is outdated and the Department needs a replacement system specifically configured for DHS.

3.2.3 The Department has over 1,000 active cost centers charged to over 60 fund sources utilizing approximately 200 methods of allocation.

3.2.4 The Department would like to replace the current system with an SaaS solution for cost allocation services that will allow DHS to comply with federal cost allocation regulations.

7. Ensure system and network environments are separated by properly configured and updated firewalls to preserve the protection and isolation of State data from unauthorized access as well as the separation of production and non-production environments.

8. Restrict network connections between trusted and untrusted networks by physically and/or logically isolating systems supporting the System from unsolicited and unauthenticated network traffic.

9. Review at regular intervals the aforementioned network connections, documenting and confirming the business justification for the use of all service, protocols, and ports allowed, including the rationale or compensating controls implemented for those protocols considered insecure but necessary.
10. Establish policies and procedures to implement and maintain mechanisms for regular vulnerability testing of operating system, application, and network devices. Such testing is intended to identify outdated software versions; missing software patches; device or software misconfigurations; and to validate compliance with or deviations from the Contractor’s security policy. Contractor shall evaluate all identified vulnerabilities for potential adverse effect on security and integrity and remediate the vulnerability promptly or document why remediation action is unnecessary or unsuitable. The Department shall have the right to inspect these policies and procedures and the performance of vulnerability testing to confirm the effectiveness of these measures for the services being provided under this Contract.

11. Enforce strong user authentication and password control measures to minimize the opportunity for unauthorized access through compromise of the user access controls. At a minimum, the implemented measures should be consistent with the most current State of Maryland Department of Information Technology’s Information Security Policy (http://doit.maryland.gov/support/Pages/SecurityPolicies.aspx), including specific requirements for password length, complexity, history, and account lockout.

12. Ensure Sensitive Data under this service is not processed, transferred, or stored outside of the United States.

13. Ensure Contractor’s Personnel shall not connect any of its own equipment to a State LAN/WAN without prior written approval by the State, which may be revoked at any time for any reason. The Contractor shall complete any necessary paperwork as directed and coordinated with the Contract Manager to obtain approval by the State to connect Contractor-owned equipment to a State LAN/WAN.

14. Ensure that anti-virus and anti-malware software is installed and maintained on all systems supporting the services provided under this Contract; that the anti-virus and anti-malware software is automatically updated; and that the software is configured to actively scan and detect threats to the system for remediation.

15. Where website hosting or Internet access is the service provided or part of the service provided, the Contractor and/or Subcontractor shall conduct regular external vulnerability testing. External vulnerability testing is an assessment designed to examine the Contractor and/or Subcontractor’s security profile from the Internet without benefit of access to internal systems and networks behind the external security perimeter. The Contractor and/or Subcontractor shall evaluate all identified vulnerabilities on Internet-facing devices for potential adverse effect on the system’s security and/or integrity and remediate the vulnerability promptly or document why remediation action is unnecessary or unsuitable. The Department shall have the right to inspect these policies and procedures and the performance of vulnerability testing to confirm the effectiveness of these measures for the services being provided under this Contract.

3.4.7.3 Security Logs and Reports Access

The Contractor shall provide reports to the State in a mutually agreeable format.

Contractor personnel may also be required to provide occasional support outside of core business hours, including evenings, overnight, and weekends, to support specific efforts and emergencies to resolve system repair or restoration.

3.6.3 Non-Business Hours Support: After hours support may be necessary to respond to IT Security emergency situations. Additionally, services may also involve some evening and/or weekend hours performing planned activities in addition to core business hours. Hours performing activities would be billed on actual time worked at the rates proposed.

### 3.7 Problem Escalation Procedure

3.7.1 The Contractor must provide and maintain a Problem Escalation Procedure (PEP) for both routine and emergency situations. The PEP must state how the Contractor will address problem situations as they occur during the performance of the Contract, especially problems that are not resolved to the satisfaction of the State within appropriate timeframes.

3.7.2 The Contractor shall provide contact information to the Contract Manager, as well as to other State personnel, as directed should the Contract Manager not be available.

3.7.3 The Contractor must provide the PEP no later than ten (10) Business Days after notice of recommended award. The PEP, including any revisions thereto, must also be provided within ten (10) Business Days after the start of each Contract year and within ten (10) Business Days after any change in circumstance which changes the PEP. The PEP shall detail how problems with work under the Contract will be escalated in order to resolve any issues in a timely manner. The PEP shall include:

A. The process for establishing the existence of a problem;

B. The maximum duration that a problem may remain unresolved at each level in the Contractor’s organization before automatically escalating the problem to a higher level for resolution;

3.7.4 Nothing in this section shall be construed to limit any rights of the Contract Manager or the State which may be allowed by the Contract or applicable law.

### 3.8 Service Level Agreements

3.8.1 The State, in conjunction with the selected Offeror, intends to establish Service Level Agreements (SLAs) for the operations and help desk support of the Cost Allocation Services SaaS solution.

3.8.2 It is important that the Offeror and the State enter into a contractual relationship that succinctly defines SLA agreements and commitments. It is the intent of this section to specifically define the minimum SLA criteria that is required by the State. The technical requirements that are presented throughout this RFP represent the State’s minimum requirements. The Offeror shall detail in their Proposal its understanding of and compliance with the requirements in the RFP, including how the Offeror will comply. The Offeror shall consider carefully the resources that will be required to meet these SLAs. The Offeror’s Proposal shall describe how the Offeror will measure and report on each performance category below, on a monthly basis. Proposed measurement and reporting tools must be described, as well as how the State will receive the reports – e.g. via on-line access, CD-ROM, or other means.

4.2 Volume I – Technical Proposal

Note: **Provide no pricing information in the Technical Proposal (Volume I). Include pricing information only in the Financial Proposal (Volume II).**

4.2.1 Format of Technical Proposal

The Technical Proposal will include all items detailed below. In addition to the following instructions, responses in the Offeror’s Technical Proposal must reference the RFP’s organization and section numbering (ex. “Section 3.2.1 Response”). This proposal organization will allow direct mapping between Offeror responses and RFP requirements by Section number and will aid in the evaluation process.

4.2.2.1 Title Page and Table of Contents (Submit under TAB A)

The Technical Proposal should begin with a Title Page bearing the name and address of the Offeror and the name and number of this RFP. A Table of Contents shall follow the Title Page for the Technical Proposal, organized by section, subsection, and page number.

4.2.2.2 Claim of Confidentiality (If applicable, submit under TAB A-1)

Any information which is claimed to be confidential is to be noted by reference and included after the Title Page and before the Table of Contents, and if applicable, also in the Offeror’s Financial Proposal. The entire Proposal cannot be given a blanket confidentiality designation - any confidentiality designation must apply to specific sections, pages, or portions of pages of the Proposal and an explanation for each claim shall be included (see Section 1.14 “Public Information Act Notice”).

4.2.2.3 Transmittal Letter (Submit under TAB B)

4.2.2.4 Executive Summary (Submit under TAB C)

The Offeror shall condense and highlight the contents of the Technical Proposal in a separate section titled “Executive Summary.” The Summary should identify the Service Category(ies) and Region(s) for which the Offeror is proposing to provide services (if applicable). The Summary shall also identify any exceptions the Offeror has taken to the requirements of this RFP, the Contract (Attachment A), or any other attachments.

**Exceptions to terms and conditions may result in having the Proposal deemed unacceptable or classified as not reasonably susceptible of being selected for award.**

If the Offeror has taken no exceptions to the requirements of this RFP, the Executive Summary shall so state. Acceptance or rejection of exceptions is within the sole discretion of the State. If there are no assumptions, the Offeror shall so state.

4.2.2.5 Minimum Qualifications Documentation (If applicable, Submit under TAB D)

The Offeror shall submit any Minimum Qualifications documentation that may be required, as set forth in Section 2 Offeror Minimum Qualifications.

4.2.2.6 Offeror Technical Response to RFP Requirements and Proposed Work Plan (Submit under TAB E)

A. The Offeror shall address each Scope of Work requirement (Section 3) in its Technical Proposal and describe how its proposed services, including the services of any proposed subcontractor(s), will meet or exceed the requirement(s). If the State is seeking Offeror agreement to any requirement(s), the Offeror shall state its agreement or disagreement. Any paragraph in the Technical Proposal that responds to a Scope of Work requirement shall include an explanation of how the work will be performed. The response shall address each requirement in Section 3 of this RFP in order, and shall contain a cross reference to the RFP requirement.

4.2.2.8 References (Submit under TAB H)

At least three (3) references are requested from customers who are capable of documenting the Offeror’s ability to provide the products/services specified in this RFP. References used to meet any Offeror Minimum Qualifications (see Section 2) may be used to meet this request. Each reference shall be from a client for whom the Offeror has provided products/services within the past three (3) years and shall include the following information:

A. Name of client organization;

C. The dollar value of the contract;
D. The term of the contract;
E. The State employee contact person (name, title, telephone number, and, if possible, e-mail address); and
F. Whether the contract was terminated before the end of the term specified in the original contract, including whether any available renewal option was not exercised.

Information obtained regarding the Offeror’s level of performance on State contracts will be used by the Procurement Officer to determine the responsibility of the Offeror and considered as part of the experience and past performance evaluation criteria of the RFP.

4.4 Proposal Packaging

4.4.1 Volume I – Technical Proposal and Volume II – Financial Proposal shall be sealed separately from one another. It is preferred, but not required, that the name, e-mail address, and telephone number of the Offeror be included on the outside of the packaging for each volume. Each Volume shall contain an unbound original, so identified, and four (4) copies.

Unless the resulting package will be too unwieldy, the State’s preference is for the two (2) sealed Volumes to be submitted together in a single package to the Procurement Officer prior to the date and time for receipt of Proposals and including a label bearing:

a. The RFP title and number,
b. Name and address of the Offeror, and
c. Closing date and time for receipt of Proposals

4.4.2 An electronic version of the Technical Proposal in Microsoft Word format (version 2007 or greater) must be enclosed with the original Technical Proposal. 4.4.3 An electronic version of the Financial Proposal in Microsoft Word or Microsoft Excel format (version 2007 or greater) must be enclosed with the original Financial Proposal. A second electronic version of Volume II in searchable Adobe .pdf format shall be submitted to support Public Information Act (PIA) requests. This copy shall be redacted so that confidential and/or proprietary information has been removed (see Section 1.14 “Public Information Act Notice”).

4.4.4 Electronic media (CD, DVD, or flash drive) must be labeled on the outside with the RFP title and number, name of the Offeror, and volume number. Electronic media must be packaged with the original copy of the appropriate Proposal (Technical or Financial).

4.4.5 All pages of both proposal volumes shall be consecutively numbered from beginning (Page 1) to end (Page “x”).

4.5 Proposal Delivery

4.5.1 Offerors may submit proposals by hand or by mail as described below to the address provided in the Key Information Summary Sheet.

A. For U.S. Postal Service deliveries, any Proposal that has been received at the appropriate mailroom, or typical place of mail receipt, for the respective procuring unit by the time and
date listed in the RFP will be deemed to be timely. If an Offeror chooses to use the U.S. Postal Service for delivery, the Department recommends that it use Express Mail, Priority Mail, or Certified Mail only as these are the only forms for which both the date and time of receipt can be verified by the Department. An Offeror using first class mail will not be able to prove a timely delivery at the mailroom, and it could take several days for an item sent by first class mail to make its way by normal internal mail to the procuring unit.

B. Hand-delivery includes delivery by commercial carrier acting as agent for the Offeror. For any type of direct (non-mail) delivery, Offerors are advised to secure a dated, signed, and time-stamped (or otherwise indicated) receipt of delivery.

4.5.2 The Procurement Officer must receive all Technical and Financial Proposal material by the RFP due date and time specified in the Key Information Summary Sheet. Requests for extension of this date or time will not be granted. Except as provided in COMAR 21.05.03.02F, Proposals received by the Procurement Officer after the due date will not be considered.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.
## 5 EVALUATION CRITERIA AND PROCEDURE

### 5.1 Evaluation Committee

Evaluation of Proposals will be performed in accordance with COMAR 21.05.03 by a committee established for that purpose and based on the evaluation criteria set forth below. The Evaluation Committee will review Proposals, participate in Offeror oral presentations and discussions, and provide input to the Procurement Officer. The Department reserves the right to utilize the services of individuals outside of the established Evaluation Committee for advice and assistance, as deemed appropriate.

### 5.2 Technical Proposal Evaluation Criteria

The criteria to be used to evaluate each Technical Proposal are listed below in descending order of importance. Unless stated otherwise, any sub-criteria within each criterion have equal weight.

- **5.2.1 Offeror’s Technical Response to RFP Requirements and Work Plan (See Section 4.2.2.6)**
  
  The State prefers an Offeror’s response to work requirements in the RFP that illustrates a comprehensive understanding of work requirements and mastery of the subject matter, including an explanation of how the work will be performed. Proposals which include limited responses to work requirements such as “concur” or “will comply” will receive a lower ranking than those proposals that demonstrate an understanding of the work requirements and include plans to meet or exceed them.

- **5.2.2 The Offeror’s response to meeting the Service Level Agreements in Section 3.8.**

- **5.2.3 The proposed Cost Allocation Services SaaS solution matches with the features in Section 3.3.11.**

- **5.2.4 Offeror’s proposed schedule to complete transition-in requirements (See Section 3.3.3) and SaaS solution to be available for use from NTP.**

- **5.2.5 Offeror Qualifications and Capabilities (See Section 4.2.2.7).**

### 5.3 Financial Proposal Evaluation Criteria

- **5.3.1 All Qualified Offerors (see Section 5.5.2.4) will be ranked from the lowest to the highest price based on the Total Evaluated Price within the stated guidelines set forth in this RFP and as submitted on Attachment F - Price Sheet.**

### 5.4 Reciprocal Preference

- **5.4.1 Although Maryland law does not authorize procuring agencies to favor resident Offerors in awarding procurement contracts, many other states do grant their resident businesses preferences over Maryland contractors. COMAR 21.05.01.04 requires that procuring units apply a reciprocal preference under the following conditions:**
5.4.1.1 The most advantageous offer is from a responsible Offeror whose headquarters, principal base of operations, or principal site that will primarily provide the products/services required under this RFP is in another state.

5.4.1.2 The other state gives a preference to its resident businesses through law, policy, or practice; and

5.4.1.3 The preference does not conflict with a Federal law or grant affecting the procurement Contract.

5.4.2 The preference given shall be identical to the preference that the other state, through law, policy, or practice gives to its resident businesses.

5.5 Selection Procedures

5.5.1 General

5.5.1.1 The Contract will be awarded in accordance with the Competitive Sealed Proposals (CSP) method found at COMAR 21.05.03. The CSP method allows for the conducting of discussions and the revision of Proposals during these discussions. Therefore, the State may conduct discussions with all Offerors that have submitted Proposals that are determined to be reasonably susceptible of being selected for contract award or potentially so. However, the State reserves the right to make an award without holding discussions.

5.5.1.2 In either case (i.e., with or without discussions), the State may determine an Offeror to be not responsible and/or an Offeror’s Proposal to be not reasonably susceptible of being selected for award at any time after the initial closing date for receipt of Proposals and prior to Contract award. If the State finds an Offeror to be not responsible and/or an Offeror’s Technical Proposal to be not reasonably susceptible of being selected for award, that Offeror’s Financial Proposal will be returned if the Financial Proposal is unopened at the time of the determination.

5.5.2 Selection Process Sequence

5.5.2.1 If there is an MBE goal, the MDOT Certified MBE Utilization and Fair Solicitation Affidavit (Attachment D-1A) is included and is properly completed. If there is an VSBE goal, the Veteran-Owned Small Business Enterprise (VSBE) Utilization Affidavit and Subcontractor Participation Schedule (Attachment M-1) is included and is properly completed.

5.5.2.2 Technical Proposals are evaluated for technical merit and ranked. During this review, oral presentations and discussions may be held. The purpose of such discussions will be to assure a full understanding of the State’s requirements and the Offeror’s ability to perform the services, as well as to facilitate arrival at a Contract that is most advantageous to the State. Offerors will be contacted by the State as soon as any discussions are scheduled.

5.5.2.3 Offerors must confirm in writing any substantive oral clarifications of, or changes in, their Technical Proposals made in the course of discussions. Any such written clarifications or changes then become part of the Offeror’s Technical Proposal. Technical Proposals are given a final review and ranked.

5.5.2.4 The Financial Proposal of each Qualified Offeror (a responsible Offeror determined to have submitted an acceptable Proposal) will be evaluated and ranked separately from the Technical
evaluation. After a review of the Financial Proposals of Qualified Offerors, the Evaluation Committee or Procurement Officer may again conduct discussions to further evaluate the Offeror’s entire Proposal.

5.5.2.5 When in the best interest of the State, the Procurement Officer may permit Qualified Offerors to revise their initial Proposals and submit, in writing, Best and Final Offers (BAFOs). The State may make an award without issuing a request for a BAFO.

5.5.3 Award Determination

Upon completion of the Technical Proposal and Financial Proposal evaluations and rankings, each Offeror will receive an overall ranking. The Procurement Officer will recommend award of the Contract to the responsible Offeror that submitted the Proposal determined to be the most advantageous to the State. In making this most advantageous Proposal determination, technical factors will receive equal weight with financial factors.

5.6 Documents Required upon Notice of Recommended Award

Upon receipt of notice of recommended award, the following documents shall be completed, signed if applicable with original signatures, and submitted by the recommended awardee within five (5) Business Days, unless noted otherwise. Submit three (3) copies of each of the following documents:

A. Contract (Attachment A),
B. Contract Affidavit (Attachment C),
C. Non-Disclosure Agreement (Attachment J),
D. Evidence of meeting insurance certificate requirements (See Section 3.10)

No act by the State or any of its subcontractors that is undertaken under this Contract as to any Software or technology shall be construed as intending to cause any patents, copyrights or other intellectual property that are owned or controlled by the State (or for which the State has received license rights) to become subject to any encumbrance or terms and conditions of any Open Source License.

5.10. The Contractor shall report to the Department, promptly and in written detail, each notice or claim of copyright infringement received by the Contractor with respect to all deliverables delivered under this Contract.

5.11 The Contractor shall not affix (or permit any third party to affix), without the Department’s consent, any restrictive markings upon any deliverables that are owned by the State, Department and if such markings are affixed, the Department shall have the right at any time to modify, remove, obliterate, or ignore such warnings.

6.2. 6.3. The State has no obligation for the payment of any judgments or the settlement of any claims against the Contractor or its subcontractors as a result of or relating to the Contractor's obligations under this Contract.

6.4. 6.5. Section 6 shall survive expiration of this Contract.

7. **Limitations of Liability**

7.1. Third-party claims arising under Section 6 (“Indemnification”) of this Contract are included in this limitation of liability only if the State is immune from liability. Contractor’s liability for third-party claims arising under Section 6 of this Contract shall be unlimited if the State is not immune from liability for claims arising under Section 6.

7.1.4. In no event shall the existence of a subcontract operate to release or reduce the liability of Contractor hereunder. For purposes of this Contract, Contractor agrees that all Subcontractors shall be held to be agents of Contractor.

(a) Affect the rights of the contracting parties under any other provision of law;

9.  Risk of Loss; Transfer of Title

In accordance with the provisions of Section 11-206 of the State Finance and Procurement Article, Annotated Code of Maryland, the regulations set forth in Title 21 of the Code of Maryland Regulations (COMAR 21) in effect on the date of execution of this Contract are applicable to this Contract.

R20.2. Maryland Law Prevails

This Contract shall be construed, interpreted, and enforced according to the laws of the State of Maryland. The Maryland Uniform Computer Information Transactions Act (Commercial Law Article, Title 22 of the Annotated Code of Maryland) does not apply to this Contract, the Software, or any Software license acquired hereunder. Any and all references to the Annotated Code of Maryland contained in this Contract shall be construed to refer to such Code sections as from time to time amended.

R20.3. Multi-year Contracts contingent upon Appropriations

If the General Assembly fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of this Contract succeeding the first fiscal period, this Contract shall be canceled automatically as of the beginning of the fiscal year for which funds were not appropriated or otherwise made available; provided, however, that this will not affect either the State's rights or the Contractor's rights under any termination clause in this Contract. The effect of termination of the Contract hereunder will be to discharge both the Contractor and the State of Maryland from future performance of the Contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the Contract. The State shall notify the Contractor as soon as it has knowledge that funds may not be available for the continuation of this Contract for each succeeding fiscal period beyond the first.

R20.4. Cost and Price Certification

R20.4.1. The Contractor, by submitting cost or price information certifies that, to the best of its knowledge, the information submitted is accurate, complete, and current as of a mutually determined specified date prior to the conclusion of any price discussions or negotiations for:

(2) A change order or contract modification, expected to exceed $100,000, or a smaller amount set by the Procurement Officer.

R20.4.2. The price under this Contract and any change order or modification hereunder, including profit or fee, shall be adjusted to exclude any significant price increases occurring because the Contractor furnished cost or price information which, as of the date agreed upon between the parties, was inaccurate, incomplete, or not current.

R20.5. Contract Modifications

The Procurement Officer may, at any time, by written order, make changes in the work within the general scope of the Contract. No other order, statement or conduct of the Procurement Officer or any other person shall be treated as a change or entitle the Contractor to an equitable adjustment under this section. Except as otherwise provided in this Contract, if any change under this section causes an increase or decrease in the Contractor’s cost of, or the time required for, the performance of any part of the work, an equitable adjustment in the Contract price shall be made and the Contract modified in writing accordingly. Pursuant to COMAR 21.10.04, the Contractor must assert in writing its right to an adjustment under this section and shall include a written statement setting forth the nature and cost of such claim. No claim by the Contractor shall be allowed if asserted after

proceeding with the Contract as changed.

If the Contractor fails to fulfill its obligations under this Contract properly and on time, or otherwise
violates any provision of the Contract, the State may terminate the Contract by written notice to the
Contractor. The notice shall specify the acts or omissions relied upon as cause for termination. All
finished or unfinished work provided by the Contractor shall, at the State's option, become the
State's property. The State of Maryland shall pay the Contractor fair and equitable compensation for
satisfactory performance prior to receipt of notice of termination, less the amount of damages
caused by the Contractor's breach. If the damages are more than the compensation payable to the
Contractor, the Contractor will remain liable after termination and the State can affirmatively collect
damages. Termination hereunder, including the termination of the rights and obligations of the
parties, shall be governed by the provisions of COMAR 21.07.01.11B.

R20.7. Termination for Convenience
The performance of work under this Contract may be terminated by the State in accordance with
this clause in whole, or from time to time in part, whenever the State shall determine that such
termination is in the best interest of the State. The State will pay all reasonable costs associated with
this Contract that the Contractor has incurred up to the date of termination, and all reasonable costs
associated with termination of the Contract. However, the Contractor shall not be reimbursed for
any anticipatory profits that have not been earned up to the date of termination. Termination
hereunder, including the determination of the rights and obligations of the parties, shall be governed
by the provisions of COMAR 21.07.01.12 (A)(2).

R20.8. Disputes
This Contract shall be subject to the provisions of Title 15, Subtitle 2, of the State Finance and
Procurement Article of the Annotated Code of Maryland, as from time to time amended, and
COMAR 21.10 (Administrative and Civil Remedies). Pending resolution of a claim, the Contractor
shall proceed diligently with the performance of the Contract in accordance with the Procurement
Officer's decision. Unless a lesser period is provided by applicable statute, regulation, or the
Contract, the Contractor must file a written notice of claim with the Procurement Officer within 30
days after the basis for the claim is known or should have been known, whichever is earlier.
Contemporaneously with or within 30 days of the filing of a notice of claim, but no later than the
date of final payment under the Contract, the Contractor must submit to the Procurement Officer its
written claim containing the information specified in COMAR 21.10.04.02.

Regulation, the Department may withhold payment of any invoice or retainage. The Department
may require certification from the Commissioner on a quarterly basis that such records were
properly submitted.

R20.10. Non-Hiring of Employees
No official or employee of the State of Maryland, as defined under General Provisions Article, §5-101, Annotated Code of Maryland, whose duties as such official or employee include matters relating to or affecting the subject matter of this Contract, shall during the pendency and term of this Contract and while serving as an official or employee of the State become or be an employee of the Contractor or any entity that is a subcontractor on this Contract.
R20.11. **Nondiscrimination in Employment**

The Contractor agrees: (a) not to discriminate in any manner against an employee or applicant for employment because of race, color, religion, creed, age, sex, marital status, national origin, sexual orientation, sexual identity, ancestry, or disability of a qualified person with a disability, sexual orientation, or any otherwise unlawful use of characteristics; (b) to include a provision similar to that contained in subsection (a), above, in any underlying subcontract except a subcontract for standard commercial supplies or raw materials; and (c) to post and to cause subcontractors to post in conspicuous places available to employees and applicants for employment, notices setting forth the substance of this clause.

R20.12. **Commercial Non-Discrimination**

ATTACHMENT F - FINANCIAL PROPOSAL PRICING INSTRUCTIONS

In order to assist Offerors in the preparation of their Financial Proposal and to comply with the requirements of this solicitation, Price Sheet Instructions and a Price Sheet have been prepared. Offerors shall submit their Financial Proposal on the Price Sheet in accordance with the instructions on the Price Sheet and as specified herein. Do not alter the Price Sheet or the Proposal may be determined to be not reasonably susceptible of being selected for award. The Price Sheet is to be signed and dated, where requested, by an individual who is authorized to bind the Offeror to the prices entered on the Price Sheet.

The Price Sheet is used to calculate the Offeror’s TOTAL EVALUATED PRICE. Follow these instructions carefully when completing your Price Sheet:

A) All Unit and Extended Prices must be clearly entered in dollars and cents, e.g., $24.15. Make your decimal points clear and distinct.

B) All Unit Prices must be the actual price per unit the State will pay for the specific item or service identified in this RFP and may not be contingent on any other factor or condition in any manner.

C) All calculations shall be rounded to the nearest cent, i.e., .344 shall be .34 and .345 shall be .35.

D) Any goods or services required through this RFP and proposed by the vendor at No Cost to the State must be clearly entered in the Unit Price, if appropriate, and Extended Price with $0.00.

E) Every blank in every Price Sheet shall be filled in. Any changes or corrections made to the Price Sheet by the Offeror prior to submission shall be initialed and dated.

F) Except as instructed on the Price Sheet, nothing shall be entered on or attached to the Price Sheet that alters or proposes conditions or contingencies on the prices. Alterations and/or conditions may render the Proposal not reasonably susceptible of being selected for award.

G) It is imperative that the prices included on the Price Sheet have been entered correctly and calculated accurately by the Offeror and that the respective total prices agree with the entries on the Price Sheet. Any incorrect entries or inaccurate calculations by the Offeror will be treated as provided in COMAR 21.05.03.03E and 21.05.02.12, and may cause the Proposal to be rejected.

H) If option years are included, Offerors must submit pricing for each option year. Any option to renew will be exercised at the sole discretion of the State and will comply with all terms and conditions in force at the time the option is exercised. If exercised, the option period shall be for a period identified in the RFP at the prices entered in the Price Sheet.

I) All Financial Proposal prices entered below are to be fully loaded prices that include all costs/expenses associated with the provision of services as required by the RFP. The Financial Proposal price shall include, but is not limited to: all labor, profit/overhead, general operating, administrative, and all other expenses and costs necessary to perform the work set forth in the solicitation. No other amounts will be paid to the Contractor. If labor rates are requested, those amounts shall be fully-loaded rates; no overtime amounts will be paid.

J) Unless indicated elsewhere in the RFP, sample amounts used for calculations on the Price Sheet are typically estimates for evaluation purposes only. Unless stated otherwise in the RFP, the Department does not guarantee a minimum or maximum number of units or usage in the performance of this Contract.
K) Failure to adhere to any of these instructions may result in the Proposal being determined not reasonably susceptible of being selected for award.

### F-1 Financial Proposal Form

The Financial Proposal Form shall contain all price information in the format specified on these pages. Complete the Financial Proposal Form only as provided in the Financial Proposal Instructions. Do not amend, alter or leave blank any items on the Financial Proposal Form. If option years are included, Offerors must submit pricing for each option year. Failure to adhere to any of these instructions may result in the Proposal being determined not reasonably susceptible of being selected for award.

ATTACHMENT J - NON-DISCLOSURE AGREEMENT (CONTRACTOR)

THIS NON-DISCLOSURE AGREEMENT (“Agreement”) is made by and between the State of Maryland (the “State”), acting by and through (Department of Human Services) (the “Department”), and ________________________________ (the “Contractor”).

RECITALS

WHEREAS, the Contractor has been awarded a contract (the “Contract”) following the solicitation for Cost Allocation System Services Solicitation # OBF/CARM/18-002-S; and

WHEREAS, in order for the Contractor to perform the work required under the Contract, it will be necessary for the State at times to provide the Contractor and the Contractor’s employees, agents, and subcontractors (collectively the “Contractor’s Personnel”) with access to certain information the State deems confidential information (the “Confidential Information”).

NOW, THEREFORE, in consideration of being given access to the Confidential Information in connection with the solicitation and the Contract, and for other good and valuable consideration, the receipt and sufficiency of which the parties acknowledge, the parties do hereby agree as follows:

1. Regardless of the form, format, or media on or in which the Confidential Information is provided and regardless of whether any such Confidential Information is marked as such, Confidential Information means (1) any and all information provided by or made available by the State to the Contractor in connection with the Contract and (2) any and all personally identifiable information (PII) (including but not limited to personal information as defined in Md. Ann. Code, State Govt. § 10-1301(c)) and protected health information (PHI) that is provided by a person or entity to the Contractor in connection with this Contract. Confidential Information includes, by way of example only, information that the Contractor views, takes notes from, copies (if the State agrees in writing to permit copying), possesses or is otherwise provided access to and use of by the State in relation to the Contract.

2. Contractor shall not, without the State’s prior written consent, copy, disclose, publish, release, transfer, disseminate, use, or allow access for any purpose or in any form, any Confidential Information except for the sole and exclusive purpose of performing under the Contract. Contractor shall limit access to the Confidential Information to the Contractor’s Personnel who have a demonstrable need to know such Confidential Information in order to perform under the Contract and who have agreed in writing to be bound by the disclosure and use limitations pertaining to the Confidential Information. The names of the Contractor’s Personnel are attached hereto and made a part hereof as ATTACHMENT J-1. Contractor shall update ATTACHMENT J-1 by adding additional names (whether Contractor’s personnel or a subcontractor’s personnel) as needed, from time to time.

3. If the Contractor intends to disseminate any portion of the Confidential Information to non-employee agents who are assisting in the Contractor’s performance of the Contract or who will otherwise have a role in performing any aspect of the Contract, the Contractor shall first obtain the written consent of the State to any such dissemination. The State may grant, deny, or condition any such consent, as it may deem appropriate in its sole and absolute subjective discretion.

4. Contractor hereby agrees to hold the Confidential Information in trust and in strictest confidence, to adopt or establish operating procedures and physical security measures, and to take all other measures necessary to protect the Confidential Information from inadvertent release or disclosure.

to unauthorized third parties and to prevent all or any portion of the Confidential Information from falling into the public domain or into the possession of persons not bound to maintain the confidentiality of the Confidential Information.

5. Contractor shall promptly advise the State in writing if it learns of any unauthorized use, misappropriation, or disclosure of the Confidential Information by any of the Contractor’s Personnel or the Contractor’s former Personnel. Contractor shall, at its own expense, cooperate with the State in seeking injunctive or other equitable relief against any such person(s).

6. Contractor shall, at its own expense, return to the Department all Confidential Information in its care, custody, control or possession upon request of the Department or on termination of the Contract.

7. A breach of this Agreement by the Contractor or by the Contractor’s Personnel shall constitute a breach of the Contract between the Contractor and the State.

8. Contractor acknowledges that any failure by the Contractor or the Contractor’s Personnel to abide by the terms and conditions of use of the Confidential Information may cause irreparable harm to the State and that monetary damages may be inadequate to compensate the State for such breach. Accordingly, the Contractor agrees that the State may obtain an injunction to prevent the disclosure, copying or improper use of the Confidential Information. The Contractor consents to personal jurisdiction in the Maryland State Courts. The State’s rights and remedies hereunder are cumulative and the State expressly reserves any and all rights, remedies, claims and actions that it may have now or in the future to protect the Confidential Information and to seek damages from the Contractor and the Contractor’s Personnel for a failure to comply with the requirements of this Agreement. In the event the State suffers any losses, damages, liabilities, expenses, or costs (including, by way of example only, attorneys’ fees and disbursements) that are attributable, in whole or in part to any failure by the Contractor or any of the Contractor’s Personnel to comply with the requirements of this Agreement, the Contractor shall hold harmless and indemnify the State from and against any such losses, damages, liabilities, expenses, and costs.

9. Contractor and each of the Contractor’s Personnel who receive or have access to any Confidential Information shall execute a copy of an agreement substantially similar to this Agreement, in no event less restrictive than as set forth in this Agreement, and the Contractor shall provide originals of such executed Agreements to the State.

10. The parties further agree that:

   a. This Agreement shall be governed by the laws of the State of Maryland;
   b. The rights and obligations of the Contractor under this Agreement may not be assigned or delegated, by operation of law or otherwise, without the prior written consent of the State;
   c. The State makes no representations or warranties as to the accuracy or completeness of any Confidential Information;
   d. The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement;
   e. Signatures exchanged by facsimile are effective for all purposes hereunder to the same extent as original signatures;
   f. The Recitals are not merely prefatory but are an integral part hereof; and
g. The effective date of this Agreement shall be the same as the effective date of the Contract entered into by the parties.

IN WITNESS WHEREOF, the parties have, by their duly authorized representatives, executed this Agreement as of the day and year first above written.
