FAMILY UNIFICATION PROGRAM

The Family Unification Program (FUP) is a collaborative effort between the Maryland Department of Housing and Community Development (MD DHCD) and the Maryland Department of Human Resources (DHR) to provide adequate housing to promote family unification. FUP provides Housing Choice Vouchers (HCV) to assist families with children in out-of-home care who have not been able to reunify with their children due to lack of permanent and adequate housing; families displaced by domestic violence in preventing the unnecessary removal of children from their families; and, eligible former foster youth. It is designed to enable families and youth to lease or purchase decent, safe and sanitary housing that is affordable in the private housing market.

Each year in Maryland nearly 650 youth ages 18-21 exit foster care. Within 12 to 18 months of exiting care, some of these youth will face homelessness or will be forced to rely on public assistance. The FUP vouchers allow youth to rent housing from a private landlord and pay as little as 30 percent of his/her monthly adjusted gross income towards rent and utilities. Housing assistance via the FUP vouchers for youth is available for a maximum of 18 months.

In August 2009, Maryland received 100 HCVs from the State Department of Housing and Urban Development (HUD) to help families and youth in the following ten counties Allegany, Caroline, Dorchester, Frederick, Garrett, Kent, Somerset, Talbot (excluding the towns of Easton and St. Michael’s), Wicomico, and Worcester who are covered by the Memorandum of Understanding (MOU) between DHR and DHCD. In August 2010, Maryland received an additional 85 HCV’s for Calvert and Prince Georges Counties. It is expected that approximately 20 percent of these vouchers will be used to assist former foster youth, ages 18-22, in obtaining stable housing.

Purpose

The purpose of this policy is to establish guidelines for referring families and youth for FUP vouchers. This policy directive discusses the eligibility requirements, referral process, case management services, and tracking.
ELIGIBILITY, REFERRAL and SERVICES:

A. FAMILY

1) FUP Family Eligibility Requirements

A family is eligible for services if they:

- Have been deemed by the local department of social services as a family for whom the lack of adequate housing is a primary factor in the imminent placement of the family’s child or children in out-of-home care, or in the delay of discharge of a child or children to the family from out-of-home care; and

- The public housing agency (PHA) has determined the family is eligible for a housing choice voucher. A family can be eliminated from eligibility if a household member has a criminal history, is on the Maryland Sex Offender Registry, or has an outstanding balance from previous participation in a Department of Housing program or a history of being evicted from such a program.

2) Responsibilities - Referrals

Local Department of Social Services responsibilities:

- Identify eligible families for FUP.
- Complete a referral packet for each family.

Referral Packet
- Form A (cover letter and the list of referrals);
- Statement of Customer Rights and Responsibilities (DHR/SSA 2033);
- Certification of FUP Eligible Family/Youth (DHR/SSA 2034); and
- Form C.

- Submit packet to the local Public Housing Authority (PHA).
- Send copy of Form A to DHR/SSA.

DHR/SSA Responsibilities:

- Forward list of all referrals to DHCD; and
- Track all referrals by jurisdiction.
DHCD and Public Housing Authority Responsibilities:

- Shall compare the lists of names provided by LDSS to the PHA/HCV waiting list;
- Assist any family on the PHA/HCV waiting list that matches with the LDSS list in the order of their position on the waiting list according to PHA policy;
- Place any family referred by LDSS not on the PHA/HCV waiting list on the waiting list;
- If PHA/HCV waiting list is closed, open a waiting list to accept referrals for families not currently on list;
- Determine if families with children on its PHA waiting list are living in temporary shelters or on the street and may qualify for FUP, and refer applicants to LDSS; and
- Notify LDSS of approval/denial on FORM C.

3) Family Case Management Services

For each certified family with a child or children at imminent risk of placement in out-of-home placement:

- LDSS shall develop and implement a service plan with the participation of the family to address the needed housing and supportive services;
- LDSS will remain involved with the family until the family is stable in their living situation and lack of housing no longer presents a risk for placement for the children outside of the home (active child welfare involvement is not a requirement for the family to maintain FUP eligibility once the family has “leased up”); and
- All program requirements for In-Home services shall be met.

For each family with a child or children in out-of-home care:

- LDSS shall develop and implement a service plan with the participation of the family. The service plan shall include the anticipated date of the child or children’s return to the parent, and a list of the housing and supportive services needed to facilitate the return;
- LDSS will remain involved with the family until the child returns home, any court related activity is completed, and/or any risk of out-of-home placement is eliminated (active child welfare involvement is not a requirement for the family to maintain FUP eligibility once the family has “leased up”); and
- All program requirements for Out-of-Home services shall be met.

Example of Supportive Services:

- Crisis Intervention;
- Case management/counseling;
- Child care;

All families that require FUP services must have an active CHESSIE service case with a program assignment. To document that the families received FUP services, the worker must create a service log entry in MD CHESSIE for either Agency Provided or Referred Services. If the Agency is providing the service then the service log entry is Agency Provided- Housing Assistance/ FUP voucher received. If the family is being referred to a community service vendor, a Referred service log entry has to be created and the service entry is Housing Assistance/ FUP voucher received (Non-Paid).
