PURPOSE:
The purpose of this policy directive is to provide guidance to local departments of social services (LDSS) on the utilization of Adoption and Guardianship Incentive Payments awarded by the Department of Health and Human Services.

BACKGROUND:
The Adoption and Guardianship Incentive Program originally was created as part of the 1997 Adoption and Safe Families Act (ASFA) and was revised with the passage of the Fostering Connections to Success and Increasing Adoptions Act of 2008. In September 2014, the President signed into law the Preventing Sex Trafficking and Strengthening Families Act (P.L. 113-183). This law again reauthorized and revised the program. Key changes included the following: The program was renamed the “Adoption and Guardianship Incentive Payments” program. The program now recognizes improved performance in both adoptions and legal guardianship of children in foster care.

GOALS:
The goals are as follows:
- Assist in maintaining an adoption after finalization;
- Assist in maintaining custody/guardianship to a relative or non-relative after the child has exited care to the Guardianship Assistance Program (GAP);
- Facilitate stabilization of an adoptive placement prior to finalization;
- Facilitate stabilization of a relative or non-relative placement prior to the court granting custody/guardianship and exiting to GAP; and
- Recruit families for older children and children of any age who present challenges in identification of family resource for adoption.

DATA REQUIREMENTS FOR ADOPTION AND LEGAL GUARDIANSHIP INCENTIVE PAYMENTS:
Incentive funds earned by title IV-E agencies within a fiscal year (earning year) are paid to title IV-E agencies the subsequent fiscal year (award year). The Administration for Children and Families (ACF) will calculate incentive payments for each title IV-E agency based on the AFCARS data submitted by the title IV-E agency. In order for the ACF to complete these calculations the following AFCARS data must be entered into MDCHESSIE:

**Foster Care (includes GAP)**
- Title IV-E agency (state-Maryland)
- Report period ending date (the last month and year for the reporting period)
- Record number (this is a sequential number which DHR/SSA uses to transmit data to the Department of Health and Human Services (DHHS)
- Child’s date of birth (if the child was abandoned or the date of birth is otherwise unknown, enter an approximate date of birth)
- Date of latest removal from home (month, day and year the child was removed from the home for the first time for purpose of placement in a foster care setting)
- Date of discharge from foster care (month, day and year the child was discharged from foster care setting)
- Reason for discharge: adoption or guardianship

- Pre-finalization child specific recruitment activities for children in out-of-home
placement. Pre-finalization child specific recruitment services may include identifying
potential adoptive families for children with a permanency plan of adoption through a
variety of means including special photo listings, and other recruitment events such as
matching events.

- Direct client services to those children that have an approved permanency plan of
custody/guardianship to a relative or non-relative. Client services may include provision

Post adoption services may include medical treatment, mental health services, respite care services, education services, camp, and other direct client services for which families need financial help to cover costs.
