### **Our Mission Statement**

To conduct case reviews of children in out-of-home care, make timely individual case and systemic child welfare recommendations; and advocate for legislative and systematic child welfare improvements to promote safety and permanency.

### **Our Vision Statement**

We envision the protection of all children from abuse and neglect, only placing children in out-of-home care when necessary; and providing families with the help they need to stay intact; children will be safe in a permanent living arrangement.

### **Discrimination Statement**

The Citizens Review Board for Children (CRBC) renounces any policy or practice of discrimination on the basis of race, gender, national origin, ethnicity, religion, disability, or sexual orientation that is or would be applicable to its citizen reviewers or staff or to the children, families, and employees involved in the child welfare system (CRBC, 2013).

### **Confidentiality**

CRBC local board members are bound by strict confidentiality requirements. Under Article 88A, § 6, all records concerning out-of-home care are confidential, and unauthorized disclosure is a criminal offense subject to a fine not exceeding \$500 or imprisonment not exceeding 90 days, or both. Each local board member shall be presented with the statutory language on confidentiality, including the penalty for breach thereof, and sign a confidentiality statement prior to having access to any confidential information.

**CRBC Acknowledgements**

CRBC would like to acknowledge the commitment, dedication, passion and service of all stakeholders on behalf of Maryland's most vulnerable children including:

- ★ CRBC Governor-Appointed Volunteers
- ★ The Department of Human Services (DHS)
- ★ The Social Services Administration (SSA)
- ★ The Local Departments of Social Services (LDSS) and (DHHS) Montgomery County

## Introduction

The following pages contain data from CRBC’s out-of-home-placement case review findings and recommendations for the 2<sup>nd</sup> Quarter of Fiscal Year 2025.

CRBC conducts regular out-of-home placement case reviews in all 24 Maryland jurisdictions, including Baltimore City throughout the year. For this quarterly report, the following counties did not have regularly scheduled case reviews during the quarter: Calvert, Caroline, Dorchester, Garrett, Kent, Queen Anne’s, Somerset, Talbot and Worcester counties. Therefore, this report only contains review findings and recommendations for 14 jurisdictions, including Baltimore City that had regularly scheduled reviews.

## **Targeted Review Criterion**

The Social Services Administration (SSA) and the Citizens Review Board for Children (CRBC) together have created a work plan for targeted reviews of children in out-of-home-placement. This work plan contains targeted review criteria based on out- of-home-placement permanency plans.

### **Reunification:**

- ★ Already established plans of Reunification for youth 10 years of age and older. CRBC will conduct a review for a child 10 years of age and older who has an established primary permanency plan of Reunification and has been in care 12 months or longer.

### **Adoption:**

- ★ Existing plans of Adoption. CRBC will conduct a review of a child that has had a plan of Adoption for over 12 months. The purpose of the review is to assess the appropriateness of the plan and identify barriers to achieve the plan.
- ★ Newly changed plans of Adoption. CRBC will conduct a review of a child within 5 months after the establishment of Adoption as a primary permanency plan. The purpose is to ensure that there is adequate and appropriate movement by the local departments to promote and achieve the Adoption.

### **Another Planned Permanent Living Arrangement (APPLA):**

- ★ Already established plans of APPLA for youth 16 years of age and younger. CRBC will conduct a full review of a child 16 years of age and younger who has an established primary permanency plan of APPLA. The primary purpose of the review is to assess appropriateness of the plan and review documentation of the Federal APPLA requirements.
- ★ Newly established plans of APPLA. CRBC will conduct a review of a child within 5 months after the establishment of APPLA as the primary permanency plan. Local Boards will review cases to ensure that local departments have made adequate and appropriate efforts to assess if a plan of APPLA was the most appropriate recourse for the child.

## Older Youth Aging Out

- ★ Older youth aging out or remaining in out-of-home care between the ages 17 and 20 years old. CRBC will conduct reviews of youth that are 17 and 20 years of age. The primary purpose of the review is to assess if services were provided to prepare the youth to transition to adulthood.

## Re-Review Cases:

- ★ Assessment of progress made by LDSS. CRBC will conduct follow-up reviews during the fourth quarter of the current fiscal year of any cases wherein the Local Board identified barriers that may impede adequate progress. The purpose of the review is to assess the status of the child and any progress made by LDSS to determine if identified barriers have been removed.

## **Permanency Plan Hierarchy**

In 2005, Maryland House Bill 771 adjusted the state permanency goals to align with the federal standards. The permanency plan hierarchy in Maryland is as follows: (Social Services Administration, 2012):

- Reunification with parent(s) or guardian
- Placement with a relative for adoption or custody/guardianship
- Adoption by a non-relative
- Custody/Guardianship with a non-relative
- Another Planned Permanent Living Arrangement (APPLA)

## **Family-Centered Practice Model**

According to the Social Services Administration, Family Centered Practice ensures that the entire system of care engages the family in helping them to improve their ability to adequately plan for the care and safety of their children. The safety, well-being and permanence of children are paramount. The strengths of the entire family are the focus of the engagement (2010).

## Required Supporting Documentation for CRBC Reviews

The following are reminders of the materials required in accordance with the work plan agreement created between the Department of Human Services (DHS), Social Services Administration and the Citizens Review Board for Children.

- Each (LDSS) is required to have access at the time of the review to the child's complete case records and/or records containing requested supportive documentation to present at all CRBC case reviews.
- Each (LDSS) should continue supplying CRBC with the most recent and current contact information including emails for all interested parties, including professionals and family members.

## Recommendations to All Local Departments of Social Services (LDSS)

- Each (LDSS) should encourage the attendance of children and youth who are 10 years of age and older to attend his/her scheduled CRBC case review.
- Each (LDSS) should encourage foster parent attendance at scheduled CRBC case reviews.
- Each (LDSS) should improve their efforts with documenting concurrent permanency plans.
- Each (LDSS) should improve their efforts with getting parents to sign service agreements for those children/youths with a permanency plan of reunification.
- Each (LDSS) is required to include the paternal family members as possible resources for all children/youths who are in out-of-home-placement care.

## Independent Living

- Each (LDSS) is required to improve their efforts with preparing youths that have a plan of APPLA to meet their employment goals. Additionally, each (LDSS) is required to improve their efforts for youth aged 14 and older with appropriate independent living skills.

## Permanent Connections

- Each (LDSS) is encouraged to improve their efforts with identifying permanent connections for those youths with a plan of APPLA.

## Adoption

- Each (LDSS) should ensure that age-appropriate children/youths with a permanency plan of adoption are linked with adoption counseling services.
