## **Our Mission Statement**

To conduct case reviews of children in out-of-home care, make timely individual case and systemic child welfare recommendations; and advocate for legislative and systematic child welfare improvements to promote safety and permanency.

## **Our Vision Statement**

We envision the protection of all children from abuse and neglect, only placing children in out-of-home care when necessary; and providing families with the help they need to stay intact; children will be safe in a permanent living arrangement.

## **Discrimination Statement**

The Citizens Review Board for Children (CRBC) renounces any policy or practice of discrimination on the basis of race, gender, national origin, ethnicity, religion, disability, or sexual orientation that is or would be applicable to its citizen reviewers or staff or to the children, families, and employees involved in the child welfare system (CRBC, 2013).

## **Confidentiality**

CRBC local board members are bound by strict confidentiality requirements. Under Article 88A, § 6, all records concerning out-of-home care are confidential and unauthorized disclosure is a criminal offense subject to a fine not exceeding \$500 or imprisonment not exceeding 90 days, or both. Each local board member shall be presented with the statutory language on confidentiality, including the penalty for breach thereof, and sign a confidentiality statement prior to having access to any confidential information.

## **CRBC Acknowledgements**

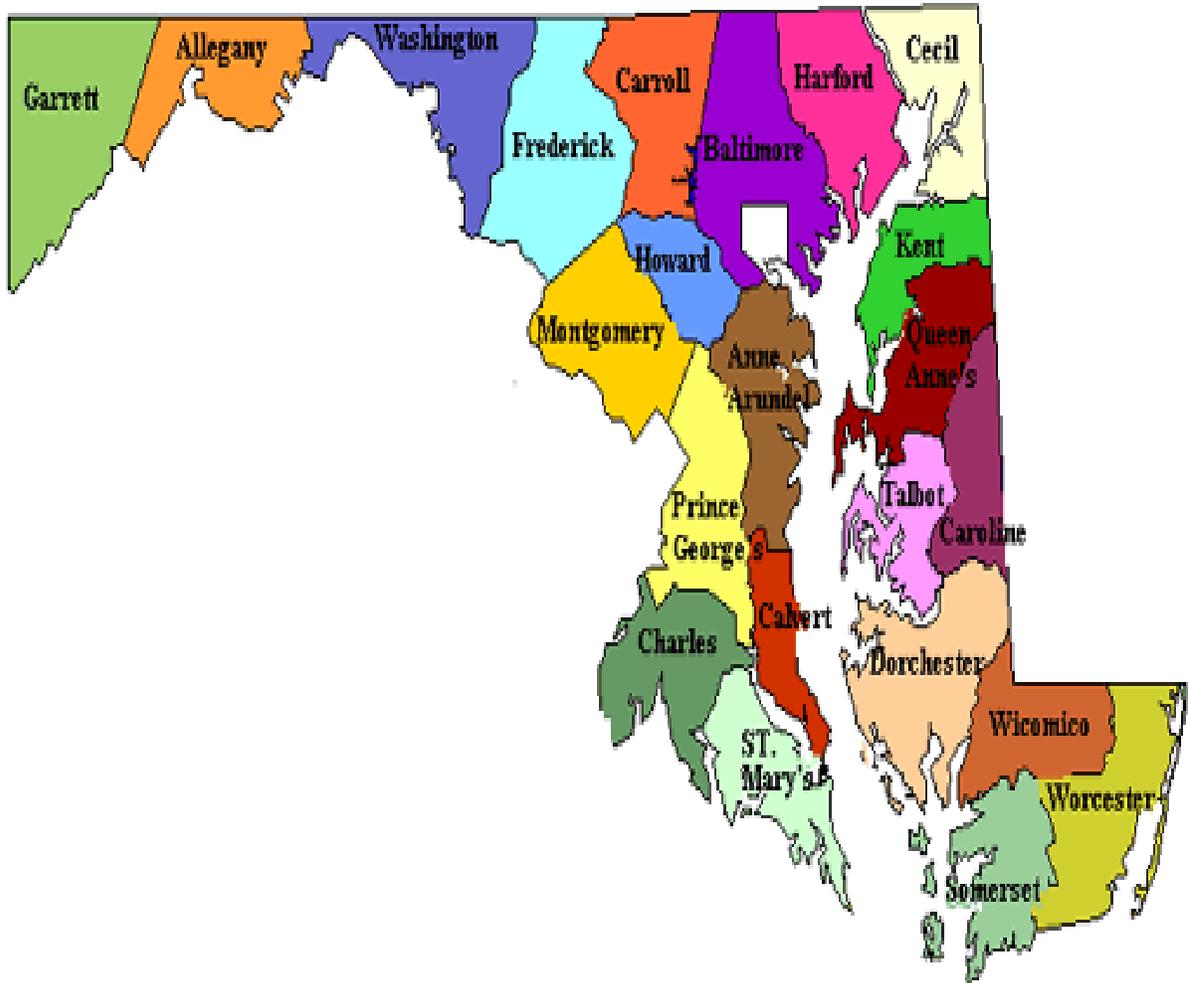

CRBC would like to acknowledge the commitment, dedication, passion and service of all stakeholders on behalf of Maryland's most vulnerable children including:

- ★ CRBC Governor Appointed Volunteers
- ★ The Department of Human Services (DHS)
- ★ The Social Services Administration (SSA)
- ★ The Local Departments of Social Services (LDSS) and (DHHS) Montgomery County
- ★ The Coalition to Protect Maryland's Children(CPMC)
- ★ The State Council on Child Abuse and Neglect (SCCAN)
- ★ The State Child Fatality Review Team (SCFRT)
- ★ The Local Juvenile Courts of Maryland
- ★ All community partners

*Thank  
You*

## Introduction

The following pages contain data from CRBC's out-of-home-placement case review findings and recommendations for the 3rd Quarter of Fiscal Year 2019.

CRBC conducts regular out-of-home placement case reviews in all 24 Maryland jurisdictions including Baltimore City throughout the year. For this quarterly report, the following counties did not have regularly scheduled case reviews during the quarter: Carroll, Charles, Garrett, Somerset, Talbot and Wicomico counties. Therefore, this report only contains review findings and recommendations for the 17 counties and Baltimore City that had regularly scheduled reviews.

## **Targeted Review Criterion**

The Social Services Administration (SSA) and the Citizens Review Board for Children (CRBC) together have created a review work plan for targeted reviews of children in out-of-home-placement. This work plan contains targeted review criteria based on out- of-home-placement permanency plans.

### **Reunification:**

- ★ Already established plans of Reunification for youth 10 years of age and older. CRBC will conduct a review for a child 10 years of age and older who has an established primary permanency plan of Reunification, and has been in care 12 months or longer.

### **Adoption:**

- ★ Existing plans of Adoption. CRBC will conduct a review of a child that has had a plan of Adoption for over 12 months. The purpose of the review is to assess the appropriateness of the plan and identify barriers to achieve the plan.
- ★ Newly changed plans of Adoption. CRBC will conduct a review of a child within 5 months after the establishment of Adoption as a primary permanency plan. The purpose is to ensure that there is adequate and appropriate movement by the local departments to promote and achieve the Adoption.

### **Another Planned Permanent Living Arrangement (APPLA):**

- ★ Already established plans of APPLA for youth 16 years of age and younger. CRBC will conduct a full review of a child 16 years of age and younger who has an established primary permanency plan of APPLA. The primary purpose of the review is to assess appropriateness of the plan and review documentation of the Federal APPLA requirements.
- ★ Newly established plans of APPLA. CRBC will conduct a review of a child within 5 months after the establishment of APPLA as the primary permanency plan. Local Boards will review cases to ensure that local departments have made adequate and appropriate efforts to assess if a plan of APPLA was the most appropriate recourse for the child.

### **Older Youth Aging Out**

- ★ Older youth aging-out or remaining in out-of-home care at age 17 and 20 years old. CRBC will conduct reviews of youth that are 17 and 20 years of age. The primary purpose of the review is to assess if services were provided to prepare the youth to transition to adulthood.

### Re-Review Cases:

- ★ Assessment of progress made by LDSS. CRBC will conduct follow-up reviews during the fourth quarter of the current fiscal year of any cases wherein the Local Board identified barriers that may impede adequate progress. The purpose of the review is to assess the status of the child and any progress made by LDSS to determine if identified barriers have been removed.

### **Permanency Plan Hierarchy**

In 2005, Maryland House Bill 771 adjusted the state permanency goals to align with the federal standards. The permanency plan hierarchy in Maryland is as follows: (Social Services Administration, 2012):

- Reunification with parent(s) or guardian
- Placement with a relative for adoption or custody/guardianship
- Adoption by a non-relative
- Custody/Guardianship with a non relative
- Another Planned Permanent Living Arrangement (APPLA)

### **Family Centered Practice Model**

According to the Social Services Administration, Family Centered Practice assures that the entire system of care engages the family in helping them to improve their ability to adequately plan for the care and safety of their children. The safety, well-being and permanence of children are paramount. The strengths of the entire family are the focus of the engagement (2010).

In 66 of the 100 cases reviewed the children/youths were placed in their home jurisdiction in settings that were in close proximity to their communities which allowed for the continuity of services.

The local board agreed with the department's placement plan for 92 of the 100 cases reviewed.

### Placement Stability

In 52 of the 100 cases reviewed there was a placement change within the 12 months prior to the review. 7 cases had 1 placement change, 24 cases had 2 changes, 12 cases had 3 changes and 9 cases had four or more changes.

The local department held a family involvement meeting for the placement changes for 12 of the 52 cases.

The following levels of care were found for the 52 most recent placement changes:

- 17 case(s) were in less restrictive placements
- 8 case(s) were in more restrictive placements
- 24 case(s) had the same level of care
- 2 case(s) the children/youths were on runaway

The primary positive reason for the most recent placement changes:

- 16 case(s) were transitioning towards permanency goal
- 3 case(s) were placement with relatives
- 2 case(s) were placement with siblings

Provider specific issues for the most recent placement changes included:

- 1 case(s) was an allegation of provider abuse/neglect
- 5 case(s) were an incompatible match between children/youths and the providers

Child/youth specific issues for the most recent placement changes included:

- 19 case(s) had behavioral issues
- 1 case(s) child/youth request removal
- 1 case(s) had delinquent behavior
- 2 case(s) were runaways

Were adequate services provided to support the provider in the previous placements?

- Yes, for 37 of the 52 cases

Current placement match between child's needs and the provider's ability to meet those needs:

- Yes, for 41 of the 52 cases

### Health/Mental Health

➤ Developmental/Special Needs: The local department reported that 17 of the 100 children/youths reviewed had developmental or special needs.

- Current Physical: 63 children/youths had a current physical exam.
- Current Vision: 37 children/youths had a current vision exam.
- Current Dental: 35 children/youths had a current dental exam.
- Completed Medical Records: The local department reported that 21 of the 100 children/youths had completed medical records in their case files.
- Prescription Medication: 28 children/youths were taking prescription medication.
- Psychotropic Medication: 19 children/youths were taking psychotropic medication.
- Mental Health Issues: 58 children/youths had mental health issues.
- Mental Health Issues Addressed: Yes, for 36 of the 58 children/youths.
- Mental Health Issues/Transitioning/Services: 3 youths with mental health issues who were transitioning out of care had an identified plan to receive services in the adult mental health system. 6 youths with mental health issues who were transitioning out of care did not have a plan.
- Substance Abuse: 25 children/youths had a substance abuse problem.
- Substance Abuse Addressed: Yes, for 3 of the 25 children/youths.
- Behavioral Issues: 49 children/youths had behavioral issues.
- Behavioral Issues Addressed: Yes, for 39 of the 49 children/youths.

The local board found that the health needs of 17 of the 100 children/youths had been met and 17 children/youths refused to comply with standard health exams.

### Education

56 of the 100 children/youths reviewed were enrolled in school or another educational/vocational program. 47 of the 56 were in Pre-K thru 12th grade, 4 youths were enrolled in a GED program and 5 were in college. Of the 44 children/youth not enrolled in school, 16 had already graduated high school, 21 refused to attend school and 7 were under the age of 5.

The local board agreed that the children/youths enrolled in school or another educational/vocational program were all being appropriately prepared to meet educational goals.

## Ready By 21

### ➤ Employment (age 14 and older – 75 cases)

27 of the 75 youths were employed or participating in paid or unpaid work experience. 1 youth was medically fragile and unable to participate and 2 youths had a mental health reason.

The local board agreed that 53 of the 75 youths were being appropriately prepared to meet employment goals.

### ➤ Independent Living Services (age 14 and older – 75 cases)

The local board agreed that 46 of the 75 youths were receiving appropriate services to prepare for independent living.

### ➤ Housing (Transitioning Youth – 21 cases)

(Age 20 and/or planning to discharge within a year from the review)

Housing had been specified for 11 of the 21 youths transitioning out of care.

The local board agreed that 13 of the 21 youths were being appropriately prepared to transition out of care.

## Child's Consent to Adoption

The age of consent for adoption in the State of Maryland is 10. Children 10 and older must consent to be adopted. Of the 12 cases with a plan of adoption, 3 children/youths consented, 1 consented with conditions, 6 were under the age of consent and 2 children/youth's consent were unknown.

## Adoptive Placement Services and Resources (12 cases)

### Pre-Adoptive Placement (10 cases)

10 of the 12 children/youths with an adoption plan were placed in a pre-adoptive home. The pre-adoptive family structure was comprised of a married couple in 2 cases and a single female in 8 cases. The relationships to the pre-adoptive children/youths were relative foster parents in 3 cases and non relative foster parents in 7 cases.

Lengths of time in the pre-adoptive placements were as follows:

- 1 case(s) from 1 to 3 months
- 1 case(s) from 4 to 6 months
- 3 case(s) from 16 to 20 months
- 5 case(s) from 21 months or more

A home study was completed and approved in 3 of the 10 cases.

The local board agreed that appropriate services and supports were in place for the pre-adoptive families to meet the identified needs of the children/youths in 9 of the 10 cases.

The local board agreed that the pre-adoptive placements were appropriate for all 10 cases.

#### Adoptive Recruitment (2 cases)

The local board found that the local department had documented efforts to find an adoptive resource for 1 of the 2 children/youths not placed in a pre-adoptive home. The adoptive resources were Ready & Waiting and Family Weeks.

The local board agreed that the adoptive recruitment efforts were appropriate for the 1 child/youth.

#### Post-Adoptive Services and Resources (8 cases)

Post adoptive services were needed for all 12 adoption cases. The services that were needed were medical for 12 cases, mental health for 5 cases and educational services for 1 case.

The local board found that the post adoptive services were appropriate for all 12 cases.

#### Miscellaneous Findings

##### Court Appointed Special Advocate (CASA)

3 cases had a CASA.

##### Risk and Safety

The local board agreed that safety and risk protocols were followed for 92 of the 100 cases.

### Required Supporting Documentation for CRBC Reviews

The following are reminders of the materials required in accordance with the work plan agreement created between the Department of Human Resources (DHR), Social Services Administration and the Citizens Review Board for Children.

- Each (LDSS) is required to continue to bring the child's complete case records and/or records containing requested supportive documentation to all CRBC case reviews.
- Each (LDSS) should continue supplying CRBC with the most recent and current contact information for all interested parties, including professionals and family members.

### Recommendations to All Local Departments of Social Services (LDSS)

- Each (LDSS) should encourage the attendance of children and youth who are 10 years of age and older to attend his/her scheduled CRBC case review.
- Each (LDSS) should encourage foster parent attendance at scheduled CRBC case reviews.
- Each (LDSS) should improve their efforts with documenting concurrent permanency plans.
- Each (LDSS) should improve their efforts with getting parents to sign service agreements for those children/youths with a permanency plan of reunification.
- Each (LDSS) is required to include the paternal family members as possible resources for all children/youths who are in out-of-home-placement care.

### Independent Living

- Each (LDSS) is required to improve their efforts with preparing youths that have a plan of APPLA to meet their employment goals.

### Permanent Connections

- Each (LDSS) is encouraged to improve their efforts with identifying permanent connections for those youths with a plan of APPLA.

### Adoption

- Each (LDSS) should ensure that age appropriate children/youths with a permanency plan of adoption are linked with adoption counseling services.
