

# IMPORTANT CHANGES TO SNAP PROGRAM COULD IMPACT MANY BALTIMORE CITY RESIDENTS

Some 4,800 adult Baltimore City SNAP recipients and their families could be impacted by an upcoming change to Maryland's Food Supplement Program (a.k.a. SNAP). Effective July 1st, recipients who are “able-bodied adults without dependents” (ABAWDs) in Baltimore City **can only receive SNAP benefits for 3 months in a 3-year period** unless they meet certain

work or job training requirements. Starting October 1, 2025, some residents could lose their SNAP benefits if they do not meet the program's work requirements.

## Who is Impacted?

To continue receiving benefits without interruption, all SNAP recipients in Baltimore City who are age 18–54, able to work and do not have any dependents must meet the following program work requirements:

- Work (paid or unpaid as a volunteer) at least 80 hours per month, or
- Participate in a qualifying employment or training program for at least 80 hours per month, or
- Comply with a workfare program.

All impacted SNAP recipients living in Baltimore City will receive a letter from the Maryland Department of Human Services in June notifying them of this change.

## Who is Exempt?

Certain SNAP recipients living in Baltimore City may be exempt from the federal work requirements. Possible exemptions include:

- Excused from the general work requirements (see above);
- Unable to work due to a physical or mental limitation;
- Pregnant;
- Have someone under 18 in their SNAP household;
- A veteran;
- Experiencing homelessness;
- Age 24 or younger and in foster care on their 18th birthday.
