LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN

THE PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13) Use of this model plan is optional. However, the information requested is required in order to receive a Low Income Home Energy Assistance Program (LIHEAP) grant. Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Section 1 Program Components

Program Components, 2605(a), 2605(b)(1) - Assurance 1, 2605(c)(1)(C)

1.1 Check which components you will operate under the LIHEAP program. (Note: You must provide information for each component designated here as requested elsewhere in this plan.)		Dates of Operation

Provide further explanation for the dates of operation, if necessary

Crisis assistance is delivered as expedited support, in accordance with Code of Maryland Regulations (COMAR) 07.03.21.10. In FY27, Maryland will continue to offer an additional one-time crisis assistance benefit up to \$600 during the winter months to prevent or mitigate heat related crises.

Estimated Funding Allocation, 2604(C), 2605(k)(1), 2605(b)(9), 2605(b)(16) - Assurances 9 and 16

Any administrative costs in excess of these limits must be paid from non-federal sources.

Alternate Use of Crisis Assistance Funds, 2605(c)(1)(C)

1.3 The funds reserved for winter crisis assistance that have not been expended by March 15 will be reprogrammed to:

☒	Heating assistance	☐	Cooling assistance
☐	Weatherization assistance	☒	Other (specify:) Unallocated Funds for Winter Crisis will be prioritized for Heating Assistance and Carry-over to the following federal fiscal year.

Categorical Eligibility, 2605(b)(2)(A) - Assurance 2, 2605(c)(1)(A), 2605(b)(8A) - Assurance 8

1.4 Do you consider households categorically eligible if at least one household member receives at least one of the following categories of benefits in the left column below? ☒ Yes ☐ No

If you answered "Yes" to question 1.4, you must complete the table below and answer questions 1.5 and 1.6.

	Heating	Cooling	Crisis	Weatherization
TANF	☒ Yes ☐ No	☐ Yes ☒ No	☒ Yes ☐ No	☒ Yes ☐ No
SSI	☒ Yes ☐ No	☐ Yes ☒ No	☒ Yes ☐ No	☒ Yes ☐ No
SNAP	☒ Yes ☐ No	☐ Yes ☒ No	☒ Yes ☐ No	☒ Yes ☐ No
Means-tested Veterans Programs	☒ Yes ☐ No	☐ Yes ☒ No	☒ Yes ☐ No	☐ Yes ☒ No

1.4a. Provide your definition of categorical eligibility. Please explain how households are categorically eligible (i.e, do all household members need to receive the benefits or just one member, is there a data exchange in place?) and how categorical eligibility streamlines the LIHEAP application process.

Maryland defines categorical eligibility for LIHEAP as one member of a household receives on an ongoing basis Supplemental Nutrition Assistance Program (SNAP), Temporary Assistance for Needy Families (TANF), Supplemental Security Income (SSI), or other means-tested veterans' benefits. A data exchange between programmatic data systems is in place to facilitate the categorical eligibility process. LIHEAP applications are automatically generated for households that qualify for categorical eligibility, streamlining the application process. Local administering agencies review categorical eligibility applications, contact households when necessary to determine LIHEAP benefits.

1.5 Do you automatically enroll households without a direct annual application? ☐ Yes ☒ No

If Yes, explain:

1.6 How do you ensure there is no difference in the treatment of categorically eligible households from those not receiving other public assistance when determining eligibility and benefit amounts?

The same eligibility criteria for determining program benefits applies to all applicant households.

SNAP Nominal Payments

1.7a Do you allocate LIHEAP funds toward a nominal payment for SNAP households? ☒ Yes ☐ No

If you answered "Yes" to question 1.7a, you must provide a response to questions 1.7b, 1.7c, and 1.7d.

1.7b Amount of Nominal Assistance: \$21.00

1.7c Frequency of Assistance

☒	Once Per Year
☐	Once every five years
☐	Other - Describe:

1.7d How do you confirm that the household receiving a nominal payment has an energy cost or need?

Nominal payments were introduced in fiscal year 2023 to comply with newly established state statutes enacted under Article II, Section 17(c) of the Maryland Constitution—Chapters 362 and 363. Households are screened for energy costs during the application process for the Supplemental Nutrition Assistance Program (SNAP).

☒	Other Countable income without a current checkbox In addition to the categories already shown on the form, COMAR identifies several sources of countable income that do not appear to have a dedicated checkbox. These include TDAP, workers' compensation, mine workers' benefits, Armed Forces dependent allowances, Criminal Injuries Compensation Board payments, estate or trust income, bond-redemption interest or dividends, educational or research fellowship stipends used for living expenses, payments received by qualifying live-in adult home-care providers, and railroad retirement benefits less the Medicare deduction. The checklist should include these sources individually or add an "Other countable income under COMAR 07.03.21.04D" field requiring the worker to identify the specific income source. Excluded income Under COMAR 07.03.21.04E, excluded income includes third-party payments over which the household has no discretion; in-kind goods or services; employment income of a child younger than 18 or a full-time student; qualifying educational assistance; certain senior volunteer, foster-grandparent, senior-companion, job-training, and AmeriCorps VISTA payments; HUD direct subsidies; SNAP benefits; welfare-avoidance grants; public-assistance vendor payments; foster-care and subsidized-adoption payments; court-ordered child support paid by a household member; employee-funded strike payments; reinvested retirement-account interest and dividends; Maryland renters' and homeowners' tax credits; federal earned-income tax credits; and Medicare premiums deducted from Social Security. These amounts should not be included when determining the household's countable income.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

2.2 Do you have additional eligibility requirements for Heating Assistance? ☐ Yes ☒ No

2.3 Check the appropriate boxes below and describe the policies for each.

Do you require an Assets test? ☐ Yes ☒ No

If yes, describe: Do you have additional/differing eligibility policies for:

Renters? ☒ Yes ☐ No

If yes, describe:

Applicants who are renters are eligible to receive energy assistance benefits provided they meet all other eligibility requirements. Specific rental arrangements between the renter (tenant) and the landlord must be verified to determine if and how benefits will be paid.

Direct Payment of Heating Costs: Renters who pay their heating costs directly must identify their energy supplier and fuel type.

Renters Living in subsidized housing? ☒ Yes ☐ No

If yes, describe:

Applicants living in subsidized housing must provide proof that they are directly responsible for paying their own heating costs. Renters who are living in subsidized housing receive a lower benefit level than those with similar incomes who do not have access to subsidized housing, as a utility allowance is incorporated into their subsidy.

Renters with utilities included in the rent?	☒ Yes ☐ No
If yes, describe: Renters, including roomers and boarders, who pay their energy costs indirectly as undesignated portions of rent payments must provide the name, address, and phone number of the landlord to whom the rent payments are made. If their application is approved, benefits will be paid to the landlord, and the rent will be reduced accordingly.	
Do you give priority in eligibility to:	
Older Adults (60 years or older)?	☒ Yes ☐ No
If yes, describe: Streamlined annual redetermination process: Eligible households with a member age 60 or older are not required to submit a new application each year. Instead, they may complete a shorter redetermination form. If a redetermination-eligible household has received LIHEAP in prior years, the redetermination form is mailed to them at the beginning of heating season. Additional supporting documentation is not requested from the applicant and is instead pulled from the previous year's application file.	
Individuals with a disability?	☒ Yes ☐ No
If yes, describe: The Critical Medical Needs Program (CMNP) provides expedited energy assistance to eligible households when the loss of utility service could create a serious health or safety risk for a medically vulnerable household member. Applicants must submit the required OHEP application and medical certification. Once eligibility is established, the application receives priority processing to help prevent utility disconnection or restore service as quickly as possible.	
Young children?	☐ Yes ☒ No
If yes, describe:	
Households with high energy burdens?	☒ Yes ☐ No
If yes, describe: The benefit matrix is designed to ensure those with the lowest income, highest energy burden receive the highest benefits.	
Other?	☐ Yes ☒ No
If yes, describe:	
Explanations of policies for each "yes" checked above:	
Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)	
2.4 Describe how you prioritize the provision of heating assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc. Maryland prioritizes heating assistance to vulnerable populations in three ways: 1) Vulnerable population waiver: Eligible households with a member age 5 or younger, age 60 or older, or who is disabled qualify for a vulnerable population waiver, allowing them to get two gas arrearage retirement benefits in a five year period, compared to one benefit for other LIHEAP households. 2) Streamlined annual redetermination process: Eligible households with a member age 60 or older are not required to submit a new application each year. Instead, they may complete a shorter redetermination form. If a redetermination-eligible household has received LIHEAP in prior years, the redetermination form is mailed to them at the beginning of heating season. Additional supporting documentation is not requested from the applicant and is instead pulled from the previous year's application file. 3) Critical Medical Needs Program: Eligible individuals with severe health conditions may access LIHEAP and other Maryland energy assistance programs through the Critical Medical Needs Program streamlined application process.	

2.5 Check the variables you use to determine your benefit levels. (Check all that apply):

☒	Fuel type		
☒	Climate/region		
☐	Individual bill

☐	Energy burden (% of income spent on home energy)		
☐	Energy need		
☒	Other - Describe:		
The program considers whether a customer resides in subsidized housing. The program also accounts for regional climate differences. Due to Garrett County's longer and more severe winter season, which typically extends from October through April, eligible residents receive a 1:1 multiplier applied to their annual MEAP benefit.			
Benefit Levels, 2605(b)(5) - Assurance 5, 2605(c)(1)(B)			
2.6 Describe estimated benefit levels for the fiscal year for which this plan applies. <i>Please note: the maximum and minimum benefits must be shown in the payment matrix.</i>

OHEP defines an energy crisis as a situation in which a household has no heat, has an insufficient fuel supply, or faces an imminent utility shutoff within three days during the winter crisis period of November 1 through March 31. Local administering agencies may request a waiver to adjust the winter crisis period based on local climate conditions.

Maryland also authorized an crisis benefit of up to \$600 for households whose regular energy assistance benefit is insufficient to resolve the crisis and who are ineligible for arrearage assistance.

4.3 What constitutes a life-threatening crisis?

OHEP defines "life-threatening" as a situation where a household experiences a life-threatening or health-related emergency due to a heating crisis. The customers crisis will need to be addressed in 18 hours only if the following occurs:

- (1) Household has no supply of fuel;
- (2) Household's utility service is disconnected; or
- (3) Household has a broken furnace or fuel burner.

Other - Describe:

In January 2024, Maryland implemented categorical eligibility and automatic enrollment for households receiving Supplemental Nutrition Assistance Program (SNAP), Temporary Cash Assistance (TCA), Supplemental Security Income (SSI), and certain means-tested veterans' benefits. Maryland's Local Administering Agencies (LAAs) serve as centralized community hubs, connecting households not only to energy assistance but also to weatherization, community solar, housing, food, crisis-intervention, and other supportive resources.

Through opt-out provisions included in the Energy Assistance Application, eligible households may be referred to the Maryland Department of Housing and Community Development (DHCD) for weatherization services and to participating community solar programs. DHCD exclusively administers weatherization services, which are provided according to program eligibility, available resources, and DHCD's established waitlist and prioritization procedures. Community solar referrals connect eligible households with opportunities to receive energy savings while maintaining applicable consumer protections and program requirements.

8.2 How do you provide alternate outreach and intake for heating assistance?

Maryland's Local Administering Agencies (LAAs) provide home-based intake services upon request for customers who cannot reasonably access an office. Customers may also obtain information, request an application, or apply for heating assistance through the DHS Call Center, an LAA, or satellite locations operated with partners such as Area Agencies on Aging and utility companies. Targeted outreach is conducted during the heating season to promote LIHEAP and help households prepare for winter. Maryland also offers a simplified redetermination process for eligible OHEP recipients age 60 or older and who are known to the OHEP system for atleast a year.

8.3 How do you provide alternate outreach and intake for cooling assistance?>

N/A

8.4 How do you provide alternate outreach and intake for crisis assistance?

Maryland provides expedited crisis application processing and benefit issuance during the winter crisis season, from November 1 through March 31. 8.6 What is your process for selecting local administering agencies?

The Department of Human Services (DHS) periodically uses established procurement or agreement processes to designate organizations responsible for administering energy assistance programs in certain jurisdictions. The applicable process may vary depending on the type of administering entity and existing governmental arrangements. Information about Local Administering Agencies (LAAs) is available on the **DHS website**.

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating ☒ Yes ☐ No

Cooling ☐ Yes ☐ No

Crisis ☒ Yes ☐ No

Are there exceptions? ☒ Yes ☐ No

If yes, Describe.

Most payments are made directly to home energy suppliers through Energy Supplier Agreements. However, in special circumstances where a landlord or supplier will not accept the benefit payment, payments are made directly to customers.

Direct payments to customers may also occur if a landlord refuses to sign a Landlord Agreement or an energy supplier refuses to sign an Energy Supplier Agreement, and no alternative supplier is available. Additionally, direct payments can be used for purchasing unusual fuel types, such as wood pellets and corn.

9.2 How do you notify the client of the amount of assistance paid?

Maryland sends a benefit letter to the applicant's mailing address unless they opt in to receiving electronic communication. Applicants can also check their benefit notice through <https://myohepstatus.benefits.maryland.gov>

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

Maryland requires all vendors to send the State OHEP office an Energy Delivery Record for reconciliation at the end of each fiscal year. Maryland has also built in annual cost and annual consumption data fields within our system for routine data-entry.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

All vendor agreements that are executed with energy suppliers in Maryland include non-discrimination language.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

☒ Yes ☐ No

If so, describe the measures unregulated vendors may take.

Maryland requires that unregulated vendors provide a 3% discount off their cash price for the fuel delivered to program participants as part of their LIHEAP benefit.

Attach a copy of the template statewide vendor agreement or a policy that indicates local agreements must adhere to statewide policies and assurances.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Section 10 - Program, Fiscal Monitoring, and Audit, 2605(b)(10) - Assurance 10

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES
ADMINISTRATION FOR CHILDREN AND FAMILIES

August 1987, revised 05/92, 02/95, 03/96, 12/98, 11/01

Expiration Date: 02/28/2028

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of funds?

The State OHEP Office tracks grant awards in partnership with the Department of Human Services Office of Budget and Finance. Available funding is tracked in the State's Financial Management Information System (FMIS), OHEP Data Management System and Enterprise Procurement Accounting and Contracting Efficiency (ePACE). The OHEP Data Management System tracks benefit commitments as Local Administering Agencies certify applications. Weekly the State OHEP Office generates Electronic Delivery Statements that are issued to the program vendors and Budget and Finance. Budget and Finance enters the payments into FMIS and transmits to the Office of the Comptroller to process payments. State OHEP staff record payments by week to track expenditures.

Vendor refunds are sent to the State OHEP Office where they are recorded by funding source and sent to Budget and Finance to deposit and are returned back to the grant budgets for reissuance. State OHEP staff also record the refunds by funding source in the OHEP data Management System.

10.1a Provide your definitions of the following:

Obligation

An obligation is a commitment of funds for a specific purpose in accordance with applicable program requirements. Maryland considers LIHEAP funds obligated when Blanket Purchase Orders or other Purchase Orders are established, award letters are issued to Local Administering Agencies, or benefit award notices are issued to eligible households.

Expenditures

Maryland considers LIHEAP expenditures when payments for obligations are made. For benefits, every Wednesday the state OHEP agency processes certified applications and submits information to accounts payable to process payments.

Expenditure timeframe

The time for which an expenditure can be made in accordance with the funding requirements. Maryland LIHEAP expenditure timeframe is October 1, 2026- September 30, 2027. Expenditures for benefits are processed weekly, with payments from the Comptrollers Office being issued within 30 days. Local Administering Agency payments are processed quarterly, with payments from the Comptrollers Office being issued within 30 days.

Administrative costs

Administrative costs are expenses associated with the planning, management, oversight, and operational support necessary to administer energy assistance programs rather than provide direct services or benefits to households. These costs may include salaries and benefits for administrative and managerial personnel. They may also include program planning and budgeting; monitoring and oversight; fraud prevention and program integrity activities; procurement and contract management; audits, accounting, and fiscal reporting; personnel administration and payroll; legal services and litigation; management of property and administrative facilities.

Audit Process				
10.2. Is your LIHEAP program audited annually under the Single Audit Act and OMB Circular A - 133? ☒ Yes ☐ No				
10.2a - if yes, describe your auditor selection process. The LIHEAP Program is subject to be audited annually under the State of Maryland Single Audit guidelines based on the amount of Federal funding received in the prior fiscal year. The State of Maryland Department of General Services issues a Request for Proposals to solicit proposals from licensed Cetrified Public Accounting Firms and Sole Proprietors to perfrom Audit Services for State of Maryland Agencies under a Audit Services Master Contract. The State awards Master Contracts to qualified Offerors that will compete on an as needed basis throughout the term of the Master Contract(s) on subsequently issued Task Orders to perform Audit Services for Maryland State Agencies. State agencies requiring Audit Services will obtain those services through the issuance of a Task Order Request for proposal (TORFP). All Offerors awarded a Master Contract as a result of the RFP (Master Contractors) are invited to compete for the work assignment or task detailed in the TORFP unless the TORFP is designated for a Small Business Reserve (SBR) (see RFP Section 4.37) or the Master Contractor is Suspended (see RFP Section 2. 6). Under a Small Business Reserve TORFP, only Master Contractors that qualify as small businesses will be invited to submit Proposals. (See COMAR §21.05.07.06(A)(4) and §21.11.01.04). A given Task Order may be a one-time audit or engagement, or a periodic recurring audit for an identified number of months or years, including possibly for the full duration of the Master Contract.Each Task Order Agreement will establish a NTE dollar amount.				
10.3. Describe any audit findings of the grant recipient (i.e. State/Tribe/Territory) rising to the level of material weakness or reportable condition cited in the single audits, inspector general reviews, or other government agency reviews from the most recently audited fiscal year.				
No Findings ☐				
Finding	Type	Brief Summary	Resolved?	Action Taken
1	financial	In State Fiscal year 2025 DHS identified a material weakness in its financial reporting process because FMIS and ALLOCAP do not currently provide transaction-level expenditure detail by program. This limitation affects the Departments ability to fully reconcile program expenditures and confirms that amounts reported on the Schedule are complete and accurate. To address the findings, DHS is developing enhanced FMIS reports that will capture detailed expenditure and encumbrance data, including adjusting entries recorded during the year-end closing process. Testing began in February 2026, and DHS is finalizing the implementation plan for production. Once implemented, these improvements will strengthen transaction-level documentation, reconciliation, and oversight while reducing the risk of unsupported financial adjustments or reporting discrepancies". LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN

Section 16: Performance Goals and Measures, 2605(b) - Required for States Only

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP (Benefit Targeting Index, Burden Reduction Targeting Index, Restoration of Home Energy Service, and Prevention of Loss of Home Energy Service). Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

Maryland continues to refine its process to accurately capture data to report on the four required LIHEAP performance measures. Beginning in FY24, Maryland began requiring utilities to return reports in an Excel format to eliminate the need to manually enter data for required reporting, which could result in clerical errors. State staff continue to work with our TA partners on reviewing and compiling required data to report on the Benefit Targeting Index, Burden Reduction, Targeting Index, Restoration of Home Energy Service, and Prevention of Loss of Home Energy Service. In 2026, Maryland has enhanced the data system to report annual usage and annual cost. This is projected to ultimately replace and not be solely reliant on the Excel system in the future.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central pint is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the Grant recipient is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. 3. For Grant recipients other than individuals, Alternate I applies.
4. For Grant recipients who are individuals, Alternate II applies.
5. Workplaces under grants, for Grant recipients other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the Grant recipient does not identify the workplaces at the time of application, or upon award, if there is no application, the Grant recipient must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the Grant recipients drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the Grant recipient shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grant recipients attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a Grant recipient directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the Grant recipients payroll. This definition does not include workers not on the payroll of the Grant recipient (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the Grant recipients payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grant recipients Other Than Individuals)

The Grant recipient certifies that it will or will continue to provide a drug-free workplace by;

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the Grant recipients workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employees about --

(1) The dangers of drug abuse in the workplace;

(2) The Grant recipients policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
