

FACT SHEET

MAY 9, 2025

Dear Community and Education Partners,

After a successful inaugural year, the Maryland SUN Bucks program will return this summer! Children need healthy food year-round to play, grow, and learn. Maryland SUN Bucks helps families stretch their grocery budget during the summer when many children lose access to free or reduced-price meals at school.

Over 600,000 students were served last summer. Together, we helped families put meals on their tables with \$120 in benefits for each eligible child (\$40 per month for June, July, and August) over the summer months when children were not in school. Our 2024 work represented a 6-fold increase in the number of students served statewide from 2023. We need your help to keep making this investment in children and their families successful!

Eligibility

A school-aged child is eligible for Maryland SUN Bucks benefits if they:

- Are enrolled in a Maryland school that participates in Free or Reduced-Price School Meals (FARMS);
- Are age 5-18 and live in a household that participates in Supplemental Nutrition Assistance Program (SNAP), Temporary Cash Assistance (TCA), or Medical Assistance/Medicaid (MA);
- Applied for and were enrolled in FARMS or School Breakfast Program (SBP) during the school year;
- Are in foster care, homeless, runaway, child of a migrant worker, or do not meet the above criteria but apply and are determined eligible for FARMS by August 31 of the application year.

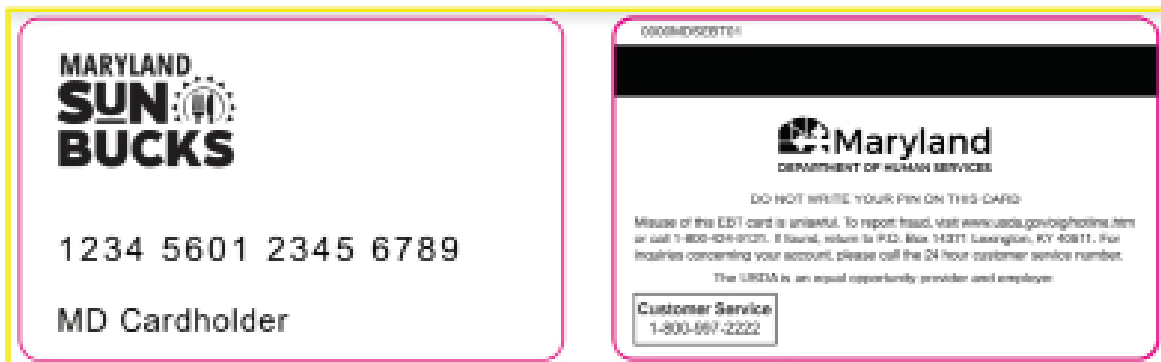

Enrollment

Many families will get Maryland SUN Bucks benefits automatically, but others will need to apply. If a household already participates in SNAP, TCA, or Medicaid and/or has applied for and received Free and Reduced School Meals (FARMS) during SY 2024-2025, they will be automatically enrolled in the program. Also, children who are in foster care, homeless, migrant, or runaway will be automatically enrolled. These households do not need to fill out an application.

A child who is enrolled in a Community Eligibility Program (CEP) school that automatically receives FARMS, is not actively receiving SNAP, TCA, or Medicaid, and is not in foster care will not be automatically enrolled. The child's parent/guardian will have to apply and be determined eligible to enroll in the Maryland SUN Bucks program.

How Maryland SUN Bucks Works

Maryland SUN Bucks benefits will be issued on existing SNAP EBT cards for families who have received SNAP or TCA benefits at any time since July 1, 2024. For children that do not receive SNAP or TCA benefits on an existing card, the benefits will be issued on a white "Maryland SUN Bucks" card in the child's name, pictured below.

The benefits can be used at authorized SNAP retailers like grocery stores and farmers markets to purchase healthy foods like fruits, vegetables, meats and other protein sources, whole grains, dairy, and other food products.

How Might You Help?

Your partnership is vital to making Maryland SUN Bucks successful this summer. Here are 6 things you can do to help:

1. Spread the word! Help educate local officials, community partners, and school system contacts about the program. Share our website address: <https://dhs.maryland.gov/sunbucks>.
2. Ask parents/guardians throughout the year to verify that their address in the school database is accurate.
3. Help educate parents/guardians about the program (i.e. tell the parents/guardians that they do not have to apply if their child was eligible for school meals under FARMS, or their household is enrolled in SNAP, TCA, Medicaid, or is in foster care).
4. Inform households with children in CEP schools that they will have to apply for Maryland SUN Bucks if their household is not enrolled in SNAP, TCA, Medicaid; and their child is not in foster care.
5. Inform parents and guardians who may need to apply for Maryland SUN Bucks that they can get more information at dhs.maryland.gov/sunbucks and/or apply online at marylandbenefits.gov
6. Reach out to the SUN Bucks team at DHS.SUNBucks@maryland.gov if you would like an information session for your staff, need promotion materials or would like an invited speaker from one of our local offices at your school or community event.

Visit the Maryland SUN Bucks [website](#) to learn more. Together, we can make summer brighter for Maryland's children and their families!
