## I. Introduction

The Maryland Department of Human Services (DHS) began its partnership with the Maryland Food Bank (MFB) and the Capital Area Food Bank (CAFB) in the fall of 2013, to administer the Emergency Food Assistance Program (TEFAP). The goal of this collaboration is to alleviate hunger among low-income individuals in the state of Maryland. Collectively, MFB and CAFB have many years of experience ordering, storing and distributing food to low-income residents in Maryland. In administering TEFAP, DHS also works in close consultation with its federal partner at the United States Department of Agriculture (USDA), Food and Nutrition Service (FNS), Mid Atlantic Regional Office (MARO) in order to effectively feed Maryland's most vulnerable residents.

Under this partnering arrangement, MFB and CAFB receive and manage food USDA Foods and administrative grant funds awarded to the DHS by the USDA for TEFAP. With oversight by DHS, as required by the Code of Federal Regulations Title 7, Part 251, MFB and CAFB are responsible for managing and executing aspects of the program to include warehousing, delivery, and distribution of all food. MFB and CAFB identify and place orders for USDA Foods from electronic catalogs provided by the USDA. DHS electronically reviews and subsequently confirms the selection of ordered USDA Foods in consultation with both food banks and FNS/MARO. DHS in consultation with FNS/MARO retains final authority for the approval, denial and placement of all TEFAP orders which are placed with the FNS/MARO. Monitoring of all TEFAP related activities will be conducted according to USDA requirements and guidelines. Further details about each party's responsibilities are provided in this plan.

As the State Administering Agency, DHS will continue to be governed by its direct accountability to the USDA/FNS/MARO and all applicable tenets of the Code of Federal Regulations.

## II. Code of Federal Regulations Updates

Effective December 26, 2014, requirements for the distribution and control of USDA Foods and the Emergency Food Assistance Program are accessible at

<https://www.federalregister.gov/documents/2016/11/01/2016-26329/requirements-for-the-distribution-and-control-of-donated-foods-and-the-emergency-food-assistance>  
(TEFAP is governed by CFR Title 7, Part 250 and Part 251.)

### III. Definitions/Glossary of Terms

**TEFAP** – The Emergency Food Assistance Program is a federal program that supplements the diets of low-income Americans by providing them with emergency food and nutrition assistance at no cost. TEFAP provides food and administrative funds to the states to address hunger.

**USDA/FNS** – The United States Department of Agriculture, Food and Nutrition Service is the federal agency that manages TEFAP nationally. As detailed above, the state of Maryland is overseen by the **MARO**.

**State Administering Agency** – The Maryland Department of Human Services (DHS) is the state agency that administers TEFAP in Maryland. DHS implements the distribution of food to each jurisdiction in Maryland through its Sponsoring Agencies (SA), Capital Area Food Bank (CAFB) and Maryland Food Bank (MFB).

**TEFAP Sponsoring Agencies (SA)** – Capital Area Food Bank (CAFB) and Maryland Food Bank (MFB) serve as the Sponsoring Agencies in Maryland. CAFB and MFB directly manage the distribution of USDA food in all 24 jurisdictions through local Eligible Recipient Agencies (ERAs) and Emergency Feeding Organizations (EFOs) located in each county and Baltimore City. By federal definition, the food banks themselves are EFOs as well. However, for the purposes of this state plan, the food banks will be referred to as SAs while their larger feeding partners will be referred to as EFOs. Currently, only MFB utilizes an EFO model, though CAFB maintains the option to do so at any point that their organization desires.

**Eligible Recipient Agencies (ERAs)** – An ERA is a charitable institution that provides food directly to needy individuals and families. ERAs may include soup kitchens, food pantries, shelters and residential programs, summer camps for child nutrition programs, a nutrition project operating under the Older Americans Act of 1965, or a disaster relief program that have been

designated by DHS, in consultation with its Sponsoring Agencies, for participation in the TEFAP Program. An expanded federal definition can be found in the Code of Federal Regulations (CFR) Title 7, Part 251.3(d).

**Emergency Feeding Organizations (EFOs)** – EFOs are programs that manage the allocation and distribution of food to the ERAs in designated jurisdictions. EFOs may also provide food directly to individuals and families. The Sponsoring Agencies may choose to distribute food to ERAs through an EFO or directly distribute to ERAs themselves in any given jurisdiction. As with ERAs, to be eligible, EFOs must have current, verified tax-exempt status.

A Sponsoring Agency may use an out of state EFO or ERA in rare circumstances when a domestic provider cannot be identified. Currently, there is only one out of state provider. Under this circumstance, the selected EFO or ERA must provide detailed procedures to ensure that TEFAP benefits are only provided to individuals residing in Maryland.

The following parties will cooperatively ensure the ongoing development and implementation of the strategies outlined in this plan:

#### IV. Overview: Sponsoring Agencies

MFB and CAFB became Sponsoring Agencies on behalf of the Maryland Department of Human Services on October 1, 2013. The following table identifies key points of contacts for each of the agencies:

Agency	Ordering	Storage, Handling & Inventory	Eligibility & Distribution
	Food Sourcing Manager	Warehouse Manager	Senior Regional Program Director – Eastern Shore and TEFAP
	Head of Food Donations	Senior Director of Operations	Senior Director of Partner Agencies and Partner Distributions

### **Warehouse Capacity**

MFB operates a 100,000 square foot facility in Baltimore County, a 17,000+ square foot branch facility in Salisbury and a 10,000 square foot branch facility in Hagerstown. CAFB operates a singular 123,000 square foot facility in Northeast Washington, DC. All of these facilities serve as central hubs for storage and distribution of TEFAP USDA Foods.

### **Transportation**

Both MFB and CAFB utilize a fleet of vehicles to ensure reasonable saturation of available TEFAP food across the state of Maryland, including refrigerated foods and fresh produce. These vehicles also enable smaller pantries and soup kitchens to access foods that they previously could not access due to limited transportation options. The state and its partner agencies make periodic adjustments to its transportation plans in order to meet food delivery needs and respond to often-fluctuating storage capacities.

## **V. Ordering and Distribution of USDA Foods**

DHS serves as the pass-through vehicle for USDA administrative funds. DHS contracts with Sponsoring Agencies to receive, store and distribute TEFAP USDA Foods.

### **Ordering from USDA WBSCM**

The USDA Web Based Supply Chain Management (WBSCM) system lists catalogs of available TEFAP food. These catalogs are accessible to the two Sponsoring Agencies. MFB and CAFB access WBSCM catalogs to identify food commodity availability, quantities, and delivery options based on the need of Eligible Recipient Agencies (ERAs) and funds available to purchase the USDA Foods.

Through this ordering system, MFB and CAFB are able to select USDA Foods that will complement their existing warehouse inventories as it pertains to variety and quantity of food. DHS' TEFAP Coordinator oversees, monitors and confirms the food commodity orders requested by MFB and CAFB. DHS' TEFAP Coordinator is responsible for the requisition (i.e., Approval or Denial) of all orders submitted through WBSCM.

## **Distribution**

DHS receives regular commodity shipping notifications from the USDA. Once received, DHS' TEFAP Coordinator forwards the notifications to Sponsoring Agencies, which in turn plan and prepare for the arrival of the USDA Foods. MFB and CAFB confirm the receipt of food USDA Foods via WBSCM and in their respective inventory databases. The confirmation record consists of details such as product type, sales order number, quantity, and the condition of the commodity received.

## **Role of ERAs and EFOs**

MFB and CAFB utilize their extensive networks of TEFAP partners in their service areas. These networks consist of organizations that have been vetted by DHS and qualify as Eligible Recipient Agencies (ERAs) and/or Eligible Feeding Organizations (EFOs). MFB distributes food directly to ERAs in fourteen (14) counties and Baltimore City and through EFOs in seven (7) additional counties (Anne Arundel, Calvert, Cecil, Charles, Harford, Howard, and St. Mary's), covering twenty-two (22) jurisdictions total. The specific jurisdictions served by MFB include: Allegany, Anne Arundel, Baltimore, Calvert, Caroline, Carroll, Cecil, Charles, Dorchester, Frederick, Garrett, Harford, Howard, Kent, Queen Anne's, Somerset, St. Mary's, Talbot, Washington, Wicomico and Worcester counties as well as Baltimore City. In counties served by EFOs, decisions to either onboard or terminate an ERA are made jointly by MFB and the EFO.

CAFB serves both Montgomery and Prince George's counties through ERAs. The two Sponsoring Agencies combined distribute TEFAP USDA Foods in all of Maryland's 24 jurisdictions.

Both MFB and CAFB employ specialized software to track and monitor distribution of USDA Foods. Also, food banks have adopted Service Insights, a digital client intake form to capture TEFAP related questions. SDI forms are still to be maintained and kept validated by DHS standards. In addition, ERAs submit regular reports to their respective Sponsoring Agencies.

MFB uses a software product called, "Navision" to track its warehouse inventory and shipments to ERAs and EFOs for all assigned jurisdictions.

CAFB uses dual software products called “NetSuite” and “Waerlinx” to track its inventory. These web-based products allow ERAs to access lists of inventory and place orders throughout the month in accordance with their storage capacity.

## VI. Target Percentages – Pounds of Food Distributed to Each Jurisdiction

Sponsoring Agencies distribute food USDA Foods to ERAs/EFOs using a formula developed by DHS. This formula replicates the formula used by the USDA for state-by-state allocations. There are target allocations for each of the 24 jurisdictions in Maryland based on the population, poverty rate and unemployment rate of each jurisdiction. The Sponsoring Agencies allocate and distribute pounds of food in accordance with these jurisdictional targets.

Table 1. Target Percentage Allocations in FFY 2025

Jurisdiction	Targets - % Of Food (Lbs.)	Poverty	Unemployment
<b>Allegany</b>	1.82%	16.1%	7.8%
<b>Anne Arundel</b>	7.05%	5.8%	5.9%
<b>Baltimore City</b>	20.84%	20.4%	9.6%

<b>Worcester</b>	1.23%	9.9%	11.2%
<b>Statewide</b>	100%	9.1%	6.60%

\*Jurisdictional targets are calculated using a formula similar to the USDA formula for state-by-state allocation – population, poverty rate (60% weighting), and unemployment rate (40% weighting). Date collected from Table 7F: Poverty Rate for Maryland's Jurisdictions 2010-2022. Source: US Census Bureau, Small Area Income and Poverty Estimate, December 2021. Prepared by the Maryland Department of Planning, July 2022

Neither EFOs nor ERAs are required to join the food banks as member organizations. The organizations will be provided access to TEFAP food at no cost to them. EFOs and ERAs must meet USDA eligibility requirements and receive DHS approval. Any local feeding program, such as food pantries and soup kitchens, that seek to join either Sponsoring Agency as an EFO or ERA, must have access to food other than those USDA Foods made available under TEFAP. DHS, in collaboration with the Sponsoring Agencies, maintains the right to limit the number of new ERAs in a specific jurisdiction in which there is a saturation of providers.

Previously, Maryland's model for TEFAP distribution required Emergency Food Organizations (EFOs) in each jurisdiction to receive, store and distribute food to local pantries and soup kitchens. The restructuring of Maryland's distribution model in calendar year 2013 eliminated the need for EFOs in most jurisdictions, though both MFB and CAFB may choose to identify and utilize EFOs as sub-grantees. EFOs serve in the capacity of local distribution partners, as needed, to reach large, geographically and economically diverse jurisdictions. While DHS requires that Sponsoring Agencies issue pass-through administrative funding to EFOs, the Sponsoring Agencies maintain discretion to negotiate the amount their respective providers receive. Because the State Administering Agency passes through funds to the Sponsoring Agencies (who also qualify as an EFO), the State maintains federal compliance by requiring no less than 40 percent of administrative funds are provided to or used to cover administrative costs of emergency feeding organizations. Currently, CAFB employs a direct distribution model to its ERAs and does not utilize EFOs in either of their Maryland jurisdictions.

There continues to be ongoing analysis of the distribution of USDA Foods to ensure that 1) all food allocated to Maryland is distributed and 2) that it is

distributed according to the target percentages DHS establishes for each jurisdiction. These target percentages are goals and may result in slight variances in distribution based on changing poverty and unemployment rates within the populations. Diminutive variances to the target percentages are acceptable. In determining allocations, ERAs located in areas/regions considered as “gap areas” should be given priority consideration.

Administrative funds provided to MFB and CAFB are designed to cover all costs of distributing TEFAP food in Maryland, and as such, no costs associated with receiving TEFAP food may be incurred by ERAs. This includes delivery of TEFAP food to ERAs in each jurisdiction.

## **VII. Monthly Inventory and Fiscal Reports from the Sponsoring Agencies**

Sponsoring Agencies must submit a Fiscal Activity Report monthly. Each report provides an accounting of all approved expenses related to functions directly connected to ordering, receiving, storing, tracking, and distributing TEFAP USDA Foods. The report also includes expenditures by EFOs receiving administrative funds from the Sponsoring Agency.

Sponsoring Agencies must also submit an Inventory Report to DHS monthly. The report is designed to document:

- Food distributed to MFB and CAFB
- Food distributed to food distribution sites (EFOs/ERAs) in assigned jurisdiction
- Actual distribution compared to jurisdictional targets (see “Target Percentages” chart)
- Food remaining in the grantees and sub-grantee’s inventories (reported every 6 months)
- Food damaged or spoiled while in the grantee or sub-grantee’s inventory.

Sponsoring Agencies are required to submit their monthly Inventory Reports and Fiscal Activity Reports to DHS approximately 40 days after the conclusion of the reporting period. The reports are submitted according to the following

schedule:

<b>Monthly Inventory Report (Activity Period)</b>	<b>Submission Deadline (Month, Day)</b>
October	December 10
November	January 10
December	February 10
January	March 10
February	April 10
March	May 10
April	June 10
May	July 10
June	August 10
July	September 10
August	October 10
September	November 10

The report includes data on both Entitlement and Bonus food. Entitlement foods are those foods which are ordered from entitlement catalogs. The monetary equivalent for entitlement foods is “drawn down” from Sponsoring Agencies’ budgets for USDA Foods over the course of the federal fiscal year.

There is no standing catalog for Bonus foods. The type of food and amounts are identified when available and there is an ordering deadline for each Bonus food offered by the USDA/FNS. Bonus foods are periodically offered by USDA/FNS throughout the year. Bonus foods are offered to the Sponsoring Agencies free-of-charge in that there is no cost deducted from their annual federal USDA Foods funding allocation.

## **VII. Ordering and Distribution Processes**

There are variances in how each of the sponsoring agencies receives and processes USDA Foods. Described below, are the processes unique to each sponsoring agency.

### **Capital Area Food Bank**

#### **Ordering and Receipting**

1. The Head of Food Donations (HOFD) orders USDA Foods through WBSCM in accordance with USDA/FNS policies and procedures.
2. The HOFD produces a Sales Order Report at the beginning of each month. It is at this point that sales numbers are generated.
3. The authorized trucking company calls to verify that the correct orders are being delivered, orders with matching sales numbers are accepted while those without are rejected. Orders are then confirmed by the HOFD.
4. The HOFD processes corresponding paperwork for received products.
5. Once the HOFD receives and verifies inventory, assigns staff tags and properly stores the product.
6. After the product has been received, it is received into WBSCM, quantities are uploaded electronically to NetSuite and Waerlinx.
7. Once NetSuite and Waerlinx are uploaded with received USDA Foods,

these systems automatically update online inventory, which is accessible by authorized TEFAP agencies.

### **Distribution**

Each Eligible Recipient Agency undergoes an on-boarding process that includes:

- Application and Contract
- Site Visit
- Program Orientation

An orientation is conducted by the CAFB TEFAP Coordinator. Generally, group orientations are held, on-boarding five (5) or more agencies at one time. Orientation may also be conducted on a one-on-one basis by the CAFB Regional Director or Manager. The amount of TEFAP USDA Foods made available to the ERAs are determined by county location and number of households served.

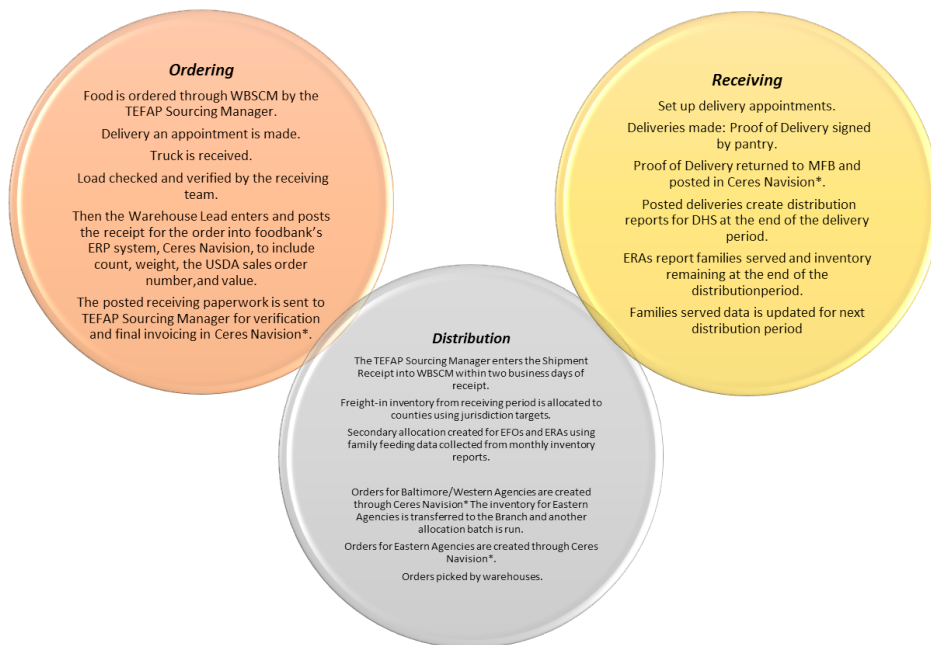

Each ERA views available TEFAP USDA Foods through the online menu. An ERA may withdraw USDA Foods as often as they prefer each month; however, orders cannot exceed allocated amounts.

- Each ERA receives free delivery of TEFAP USDA Foods available to them each month. ERAs may elect to pick up their allotted USDA Foods gradually, over the course of the month, in instances where their storage capacity is limited. However, again, jurisdictional allotments for that time may not be exceeded.
- After ordering and receiving/picking up TEFAP USDA Foods, ERAs are required to maintain an inventory of USDA Foods received and report any damaged/spoiled goods.
- Each ERA is required to have at least one distribution per month and the distribution must be both made known to and available to potential recipients in accordance with USDA/FNS and state of Maryland regulations.
- ERAs must submit a report to CAFB of the product distributed,

households served, and product remaining on hand. This report is due after each distribution.

## Maryland Food Bank

Like CAFB, Maryland Food Bank orders USDA Foods through WBSCM in accordance with USDA/FNS policies and procedures. All food orders and deliveries are managed through an online system called Navision. The state TEFAP Coordinator reviews and approves MFB orders online. EFOs and ERAs submit monthly activity reports including amount of food distributed, number of families served, and remaining inventory. The following chart provides additional details on how the Sponsoring Agency receives and manages USDA Foods, from receiving, ordering, and distribution.

\*MFB is moving from Ceres Navision to NetSuite and Waerlinx in February FFY25.

## IX. Partner Responsibilities

### **State Administering Agency: Maryland Department of Human Services**

- Serve as a liaison between the USDA/FNS/MARO and the Maryland Food Bank (MFB) and Capital Area Food Bank (CAFB), to be referred to as Sponsoring Agencies
- Ensure that revised and/or updated federal regulatory requirements, language changes and documentation are received, read, understood, and disseminated to Sponsoring agencies
- Approve/Deny TEFAP Entitlement and Bonus food USDA Foods orders as provided by the USDA/FNS and ordered by the Sponsoring Agencies and ensure a seamless distribution to the Sponsoring Agencies. (In turn, the Sponsoring Agencies will track distribution to EFOs/ERAs in all 24 jurisdictions in Maryland.)
- Pass through administrative funds received from USDA/FNS to MFB and CAFB to reimburse for expenses directly related to functions connected to ordering, receiving, tracking, storing, and distributing TEFAP USDA Foods
- Ensure program compliance through an annual site visit to MFB and CAFB as well as 20% (or a minimum of 20) of local EFOs/ERAs
- Conduct an annual Point-in-Time inventory at each of the Sponsoring Agencies, to be completed no later than September 30<sup>th</sup> of each federal fiscal year
- Ensure program compliance through monthly Allocation and Distribution reports submitted to DHS from MFB and CAFB
- Ensure fiscal/budget compliance through monthly fiscal reports submitted to DHS from MFB and CAFB
- Provide annual TEFAP USDA Foods fund amounts and quarterly

balance updates to Sponsoring Agencies (to be “drawn down” when Entitlement foods are ordered)

- Review and approve new applicants to serve as EFOs/ERAs
- Collect and submit all reports, forms, documents, and any other correspondence as required to USDA/FNS/MARO
- DHS maintains the right to instruct Sponsoring Agencies to undertake corrective action(s), if necessary, to comply with program guidelines and agency requirements

### **Sponsoring Agencies: MFB and CAFB**

- Identify/order TEFAP USDA Foods from catalogs provided by the USDA/FNS and submit orders to DHS in a timely manner (i.e. in advance of USDA/FNS ordering deadlines)
- Accept deliveries of TEFAP USDA Foods from the USDA/FNS, enter shipment receipts in WBSCM within two (2) calendar days of receipt of each delivery, track TEFAP inventory, store USDA Foods and distribute said USDA Foods to EFOs/ERAs in all 24 Maryland jurisdictions based on population, poverty, and unemployment indicators of need as previously mentioned in this document
- Monitor 100% of all EFOs/ERAs on an annual basis, complete the required monitoring document and upon completion, submit a copy of any findings to DHS
- Obtain and maintain monthly household distribution, damage, and inventory reports from all EFOs/ERAs
- Solicit new feeding program partners, as needed, in all jurisdictions to ensure appropriate distribution of food based on population, poverty and unemployment in each jurisdiction
- Perform an annual review of the IRS Automatic Revocation of Exemption list to verify that all participating EFOs/ERAs

currently possess a Tax-Exempt status. This verification must be documented on the template included in this State Plan and a copy sent to DHS

- Submit all new EFO/ERA applications to DHS for review and final approval
- Submit all required documents and reports in a timely manner, to include submission of a monthly Allocation and Distribution report due a maximum of 45 days following the report month and a monthly Fiscal Activity Report due within 45 days of the close of the report month
- Provide to DHS a copy of the Single Audit Report as performed annually by an external auditing firm
- Perform all tasks as required by USDA/FNS through DHS such as maintaining eligibility records; displaying civil rights, religious freedom, and anti-discrimination information; reporting damage and spoilage of USDA Foods upon delivery
- Provide Civil Rights Training to all ERAs and EFOs on an annual basis and once completed, submit copies of signed attendance sheets to DHS for verification
- Report Damages and Spoilages occurring after delivery to the Sponsoring Agencies to DHS and submit reimbursements to DHS within 30 days of the occurrence for all losses valued more than \$500.00
- Sponsoring Agencies must consult with DHS on matters related to issuing of a Corrective Action Plan or Termination of Contract with an EFO or ERA

## **X. Memorandum of Agreement (MOA) Requirement for Emergency Feeding Organizations (EFO) and Eligible Recipient Agencies (ERAs)**

Sponsoring Agencies must enter into an MOA TEFAP agreement with all EFOs/ERAs prior to distributing TEFAP USDA Foods. EFOs/ERAs must have current Tax-Exempt status, be compliant with non-discrimination policies and procedures and attend an annual Civil Rights training. Each EFO or ERA is subject to annual monitoring visits from the Sponsoring Agency and DHS. Failure to comply with any of these requirements may result in corrective actions up to and including contract termination.

### **Data Collection**

#### **1. Monthly**

EFOs/ERAs are required to maintain and submit a monthly inventory report and damage report, which are verified against their physical inventory during annual site visits. TEFAP USDA Foods identified as spoiled or unusable must be documented on the Damage/Spoilage form.

The Household Distribution Report (HDR) which documents the number of households served must be maintained as part of the grantee record.

EFOs must also submit a Fiscal Activity Report to the Sponsoring Agency, detailing expenditures. Sponsoring Agencies are to incorporate these costs into the monthly Fiscal Activity Reports submitted to DHS.

#### **2. Quarterly**

TEFAP distribution sites report quarterly on the number of households served, the number of individuals served and/or the number of meals provided. Each Sponsoring Agency determines a reporting method for their respective EFOs or ERAs. TEFAP sites that do not comply with reporting requirements may be temporarily suspended from ordering/receiving TEFAP USDA

Foods.

### **3. Annually**

EFOs/ERAs must maintain an alphabetized file of customer applications (also known as the “Self-Disclosure of Income” form). The files must be made available for review during State or Federal audits.

## **Recordkeeping**

All records must be maintained for a period of 3 years from the end of the federal fiscal year (FFY) or longer if part of an audit or an investigation is in progress and must be available for review during monitoring visits and/or upon request. Documents may be scanned or stored electronically and available for review. If files are stored electronically, a reliable back-up system must also be employed.

## **New Sites Approval Process**

DHS works very closely with Sponsoring Agencies to plan the distribution of TEFAP USDA Foods. In partnership, DHS and the agencies prioritize gap areas for opening new sites. In some instances, Sponsoring Agencies conduct outreach in areas that lack adequate distribution capacity to identify potential partners. Sponsoring Agencies are responsible for completing a Pre-Award Questionnaire for each approved/new site.

## **Customer Eligibility**

### **Emergency Food Pantries**

Maryland uses USDA/FNS guidelines to determine an applicant’s eligibility for TEFAP USDA Foods for home consumption. At the beginning of every FFY or the first time during said FFY that the customer household attempts to obtain TEFAP, each customer household is required to complete a TEFAP eligibility

form/application (the “Self-Disclosure of Income” form) once per FFY. By completing the “Self-Disclosure of Income” form, the customer acknowledges that his or her household meets the income guidelines prescribed on the form. Maryland residents applying for TEFAP must be within 185% of the ‘Federal Poverty Guidelines’ to be eligible. The requirement to confirm customer eligibility only applies to organizations that distribute unprepared TEFAP USDA Foods.

When and where needed, the “Self-Disclosure of Income” may be completed *in partnership* by the customer household and sponsoring agency, EFO or ERA personnel by the utilization of proxies, telephone, fax machine, email, text messaging, smartphone photography or other communication device.

When and where needed, sponsoring agencies, EFO or ERA personnel may complete the “Self-Disclosure of Income” *‘on behalf of’* the applicant/customer household.

While it is the *preference* of DHS that eligible customer households’ access TEFAP in their jurisdiction of residence, eligible customer households may, nonetheless, access TEFAP in any Maryland jurisdiction.

There is no limit as to how often an eligible customer household may access TEFAP, *subject to availability*. (Sponsoring agencies, EFO or ERA personnel maintain the full right to limit or curtail individual customer access, as needed, at any TEFAP partnering location in order to maintain TEFAP access or supply to the general public. Put simply, a TEFAP partner reserves the full right to ensure that all households have had fair and equal opportunity to obtain at least one offering of TEFAP prior to any eligible household obtaining multiple distributions.)

#### Meal Programs

Individuals who receive prepared meals as part of TEFAP – for example, at soup kitchens, shelters, and schools – are not subject to a means test.

## **XI. Monitoring Schedule: Administering and Sponsoring Agencies**

As Sponsoring Agencies, per DHS requirement, MFB and CAFB are charged with monitoring 100% of all EFOs/ERAs annually. Per USDA regulations, DHS monitors up to 20% of EFOs/ERAs (or a minimum of 20 sites). In addition, DHS conducts annual administrative and storage facility (inventory) reviews at both Sponsoring Agencies.

### **CAFB Monitoring Plan:**

1. The CAFB TEFAP Coordinator or MD Regional Staff inspect all new EFOs/ERAs before being approved as a distribution site.
2. CAFB monitors all EFOs/ERAs once annually between October 1 and September 30. The CAFB TEFAP Coordinator or other designated Regional Staff conduct monitoring visits.
3. Each monitoring visit consists of the following:
  - A review of customer files to determine if the EFO or ERA uses approved TEFAP forms
  - A physical inspection of the facility
  - An inventory of all products available
  - An audit of required TEFAP records
4. The monitors share the outcome of the monitoring visit with the EFO/ERA at the end of each monitoring visit. The monitors also provide onsite recommendations as well as timelines to complete any related corrective actions
5. All monitoring visit records are filed and kept at the CAFB

### **MFB Monitoring Plan:**

1. On a monthly basis, the MFB TEFAP Director runs the Navision report "Program List" with a filter by "Monitoring Date" set for the following month
2. EFOs/ERAs that show due for that month but are under the purview of a MFB branch location (i.e., the Salisbury or Hagerstown branches) will be notified via email along with a copy of the Navision report if they have a monitoring visit due. EFOs/ERAs that are under the purview of the MFB main office are, in like fashion, notified via email and by a follow up telephone call
3. The MFB TEFAP monitor at each respective branch is responsible for setting the monitoring appointment and performing the monitoring site visit per the USDA/FNS monitoring guidelines
4. At the completion of the monitoring month, the results of all the monitoring site visits (including at the branch locations) and the updated "Program List" report with the corresponding programs that received a monitoring site visit will be sent to the Partner Services and TEFAP Director at MFB's Baltimore County headquarters office
5. The MFB TEFAP Director will sign the updated "Program List" report and enter the next monitoring dates into Navision
6. All completed monitoring documents will be kept on file and available for review by DHS and/or USDA
7. Monitoring results that require a corrective action plan will have a date by which the corrective action plan must be completed
8. Compilations of all corrective action plans will be added to the agency file and copies sent to DHS

Since both the State Administering Agency and Sponsoring Agencies conduct monitoring visits, for scheduling purposes, DHS works collaboratively with the Sponsoring Agencies to randomly select sites under its portion of the monitoring requirement. Additional site visits may occur in the event of inexplicable patterns of ordering, client and/or

community complaints, and/or at the request of the Sponsoring Agency.

### **Monitoring Visits:**

Monitoring visits conducted by the MFB and CAFB include an inspection/review of the procedures/guidelines which are used to ensure compliance with TEFAP agreement and must include (but is not necessarily limited to):

1. Food Distribution Compliance
2. Storage facilities
  - a. Inspection to ensure that USDA Foods are stored at proper temperatures, under sanitary conditions which are free from rodent, bird, insect and other animal infestation, in well-ventilated areas, safeguarded against theft, spoilage and other losses, stored on pallets, shelves, or racks and organized to provide access to foods, rotated using the oldest first, temperature checks of freezers and coolers occur daily and that the records of such checks are maintained;
3. Reconciliation of inventory (comparison of physical inventory and monthly inventory reports)
4. Civil rights compliance and complaint procedures
  - a. Ensure the “And Justice for All” poster and all/other USDA compliant form(s) are displayed prominently in the food distribution area and are accessible to TEFAP participants
5. Amount of food received from the food bank is in proportion to distribution
6. The variety of food that pantry/soup kitchen/shelter is ordering
7. Use of approved forms (client eligibility, monthly inventory, household distribution forms, etc.)

8. Both SAs are required to notify DHS of any monitoring visits which result in findings that necessitate corrective action.

## **XII. Food Holds, Recalls, Safety and Defense**

DHS maintains strict requirements regarding how to handle food holds, recalls, safety and defense. All TEFAP grantees and associated sub-grantees must adhere to any food holds or recalls issued by the USDA. The food being subjected to a hold or recall should be immediately isolated and clearly labeled as being subject to a USDA hold or recall.

DHS will immediately notify the TEFAP coordinators at each of its primary grantees, the Maryland Food Bank and the Capital Area Food Bank upon receiving notification of a food hold or recall from the USDA. Grantees will be notified via telephone followed by a confirmation email. The notification will come from the DHS TEFAP Coordinator or the Director of the Bureau of Special Grants.

Grantees are expected to immediately notify their respective warehouse personnel and all TEFAP sub-grantees upon receipt of the recall or food hold notice. Each grantee's TEFAP Coordinator shall play this role; however, each grantee may designate a replacement should the coordinator be unavailable at the time of the incident. The notification to sub-grantees may be submitted via email, facsimile or other written communication.

Regarding food safety and defense, TEFAP USDA Foods should be handled in accordance with the following instructions:

- Refrigerated foods should be stored at 40-41 degrees Fahrenheit or lower
- Frozen foods should be stored at 0 degrees Fahrenheit or lower
- Store foods only in designated food storage areas
- Store foods at least 6" off the floor

- Store foods at least 4” away from walls (generally accepted practices call for anywhere between 4” to 18”)
- Food should never be stored near chemicals or pesticides
- Food should be stored in areas that are always well ventilated
- FIFO (first in, first out) guidelines should always be followed.
