

Mothers of Young Children

If you or someone in your family is dealing with opioid use, we would like to hear from you. Your input is important to us.

The purpose of this study is to learn from families who are dealing with opioid use the supports and services they need for their young child.

Who can join the study?

- Female caregiver who is dealing with opioid use for themselves or a family member
- Female who has a child 0-5 years old
- Age 18 or older
- Able to read and speak English

What can you expect if you join the study?

- Complete a survey by video, phone or in-person.
- The survey will take about 45 minutes.
- You will receive a \$30 USD E-card as a small token to thank you for your time.
